G. T. BOAG,
Secretary to Government.

The following letter No. T.M. 23-62 of 25-26/1753, dated Fort St. George, the 24th June 1926, is published :—

[SUBJECT.—*New form of Leave Account.*]

I have the honour to state that the appended form of leave account has been prescribed in respect of Government servants subject to the Ordinary Leave Rules of the Fundamental Rules. The introduction of this form displaces the necessity of maintaining A and B accounts referred to in this office circular No T. M 24-49/3642, dated 1st February 1923, for regulating the amount of leave on average pay without medical certificate or on medical certificate or out of India or Ceylon that may be granted to a Government servant.

2. The instructions accompanying the form are very explanatory and the leave accounts should be prepared and maintained exactly in the manner laid down in these instructions. The following subsidiary instructions would be useful for dealing with applications from Government servants for leave on average pay :—

(*a*) The total amount of leave at any time in the leave accounts (column 8 of the new leave account form) is made up of :—

(i) Balance of privilege leave at credit on the date of entry under Fundamental Rules. } vide column 6 of the new leave account form.

(ii) Leave earned by 1/11th period of duty rendered subsequent to that date } vide column 6 of the new leave account form.

and

(iii) Other leaves .. Column 7.

(*b*) Whenever leave on average pay without medical certificate proposed to be spent in India or Ceylon is applied for, it should be seen not only that there is sufficient balance in column 6 for the grant of the leave but also that sufficient balance exists in column 8. Leave cannot normally exceed four months at one time except when a longer period is due under war concession.

(*c*) Whenever leave on average pay on medical certificate is applied for or whenever it is proposed to spend the leave on average pay outside India or Ceylon, it should be seen (1) that there is sufficient balance in column 7, (2) that the period applied for does not exceed eight months and (3) that sufficient balance exists also in column 8.

It may happen that sufficient balance may not exist in column 7 while the other two conditions may be satisfied. The amount of leave applied for may be granted provided that there is sufficient leave in column 6 to cover the balance of leave. In this case, the balance of leave so granted should be considered as leave on average pay without medical certificate. It may also happen that the leave applied for will exhaust the permissible maximum of the one year in all. In that case leave to that extent should be taken against column 7 and the balance should be taken against column 6.

(*d*) It should be remembered that all leaves on average pay granted from column 7 whether under the Fundamental Rules or, under the rules previously in force should not exceed in a Government servant's service a total period of one year in all.

3 The new forms of leave accounts with instructions should be obtained by indent from the Superintendent of Stationery, Madras, and the leave accounts should be recast in the new form. In the case of officers of other Governments who use the Madras Government form, the forms of service books and the leave account may be obtained from the Superintendent of Stationery on payment. A report may be sent to this office by the 30th November by all heads of departments whether the leave accounts of all Government servants under their control have been re-written in the new form in order to enable my office to conduct a local test check for ensuring that the leave accounts have been re-written and maintained in the manner laid down by the Auditor-General

4. For facilitating the writing up of the new form the accompanying form contains the specimen entries up to 28th February 1926 relating to a Government servant with the following particulars of service :—

"Entered the service on 1st January 1917.

Leave on medical certificate for 16 months from 1st March 1920 to 31st May 1921.

Leave on average pay for four months on medical certificate from 1st March 1923 and for two months on half average pay from 1st July 1923.

Leave on average pay for two months without medical certificate from 1st August 1925."

The amount of leave on average pay that can be granted without medical certificate on 1st March 1926 is only one month—*vide* columns 6 and 8. If, however, leave is applied for on medical certificate, leave may be granted for two months and fifteen days, of which one month will be against column 6.

5. It may happen that leaves may have been granted in the past otherwise than in accordance with these instructions In such cases, it is not necessary to revise the leaves already granted, it being sufficient if the leave account is prepared according to the new instructions and future leave regulated accordingly.

Instructions for the preparation of leave account in F.R. Form No. 9-A.

1. The account is to be maintained in terms of leave on average pay. For this purpose, actual periods of leave taken on half or quarter average pay as entered in column 13 should be divided by two and posted in column 14.

2. In the case of officers who were subject to the Civil Service Regulations leave rules before they elected the Fundamental Rules, the account should commence with an opening entry in columns 4, 5, 6, 7, 8, 11, 13, 14, 15, 16, 17 and 18. The words 'Due on (date of coming under the Fundamental Rules)' should be written across columns 1, 2 and 3 and against these words credit under Rule 77 (*b*) (*i*a) (1) should be given in column 4 and column 6 and that under Rule 77 (*b*) (*ii*) (2) and Rule 77 (*c*) in column 5 and column 7 while debit for commuted furlough taken under the old leave rules should be given in column 11 and that under Rule 78, Note (2) (*c*) (*a*), in column 13, one half of the latter being entered in column 14. The sum total of the entries in columns 6 and 7 and in columns 11 and 14 should be entered in columns 8 and 15 respectively. The difference between the entries in columns 8 and 15 should be entered in column 16 and the entry in column 4 or 6 should be repeated in column 16 while the entry in column 5 or 7 minus the sum total of the entries in columns 11 and 14 should be shown in column 17.

3. When a Government servant applies for leave, columns 1 to 3 should be filled up. Columns 1, 2 and 3 should show the Government served under and the period of duty up to the date preceding that on which the Government servant intends to go on leave, and columns 4 and 5 should each show $\frac{1}{11}$th of this period (but see Note 2 below), the sum total of the two entries representing the period of leave (*i.e.*, $\frac{2}{11}$ths of duty) earned under Rule 77 (*b*) (*ii*) (3). To the new entry in column 4 should be added the last entry in column 16 and the resultant figure should be posted in column 8; similarly to the new entry in column 5 should be added the last entry in column 17 and the resultant figure should be posted to column 7. The total of the entries in columns 6 and 7 will be shown in column 8.

NOTE 1.—If during the period of duty prior to a Government servant's going on leave he has served under two or more Governments, the period of duty and the leave earned under each Government should be shown in separate lines in columns 1 to 3 and the sum total of the new entries in column 4 and the last entry in column 16 should be posted in column 8 and of those in column 5 and the last entry in column 17 in column 7, the total of the entries in columns 6 and 7 being shown in column 8.

NOTE 2.—The sum total of the entries in column 8, inclusive of the opening entry mentioned in instruction No. 2, should not exceed 2½ years [Rule 81 (*a*) (*iii*)], and no entry should be made in this column when this limit of 2½ years is reached.

When columns 1 to 8 have been posted, column 8 will show the *maximum* amount of leave which may be granted in *terms of leave on average pay* [but see Rule 81 (*d*)] to a Government servant on the date on which he intends to go on leave. The *maximum* amount of leave *on average pay* which may be granted on that date with medical certificate or out of India and Ceylon will be the sum total of the last entry in column 6 and the unspent balance of 'one year' limited to 8 months at a time, provided this sum total is covered by the period entered in column 8; in the case of leave in India or Ceylon without medical certificate, the maximum will be the last entry in column 6, limited to 4 months at a time. The limits of 8 and 4 months may be exceeded as provided in the note to Fundamental Rule 81 (*b*).

4. When a Government servant returns from leave, columns 9 to 18 should be filled up. The period of leave taken on average pay should be entered in columns 9, 10 and 11, that taken on medical certificate or spent elsewhere than in India or Ceylon should be entered in column 11 till the limit of "one year" is reached and thereafter in column 10. The actual periods of leave on half or quarter average pay (together with leave on subsistence grant under the note to Fundamental Rule 86) and overstayal of leave (vide Fundamental Rule 73) should be entered in column 13 and one half of it in column 14.

NOTE 1.—Leave on average pay taken under the Fundamental Rules in India without medical certificate in excess of the last entry in column 6 before the deletion of '*plus* one year' from Rule 81 (*b*) (*ii*) should be entered in column 11.

NOTE 2.—If the leave taken exceeds the amount of credit, the excess representing leave not due but granted under Rule 81 (*c*) (*a*) and (*c*) should be shown in red ink in column 17.

5. The total period of leave on terms of leave on average pay taken in a Government servant's whole service as entered in column 15 should not exceed the privilege leave credited to him in column 4 on his coming under the Fundamental Rules *plus* all periods of leave subsequently entered in that column *plus* 2½ years.

6. When a Government servant is transferred to service under another Government, a separate account should be opened in this form for showing the leave earned under that Government and the leave the cost of which is debited to that Government. This account will be in addition to the main leave account which must be a complete record of all leave earned and taken under these rules throughout his service.

Fort St. George, June 26, 1926.

No. 569.—Whereas the ryots of Haridasapuram village in the Tekkali estate of the Ganjam district, have applied for an order directing the survey and the preparation of a record of rights in respect of the said village and deposited Rs. 1,200 towards the expenses thereof, the Local Government, in exercise of the powers conferred by section 17 (3) of the Madras Survey and Boundaries Act VIII of 1923 and by section 164 (1) of the Madras Estates Land Act I of 1908, hereby direct the survey of the village under the provisions of the said Act VIII of 1923 and the preparation of a record of rights for the village by the officer in charge of Revenue Settlement Party No. I or by any additional officer attached to the party hereby appointed to be a 'revenue officer' for the purpose.

The record of rights shall show—

(1) the name of each landholder in the village;

(2) the name of each ryot and the fact whether the ryot is or is not an occupancy ryot, or, where there is no ryot, the name of the occupant;

(3) the survey numbers and subdivisions comprising the land held by the ryot (or occupant as the case may be) as shown in the survey map of the village and the area of each survey number (or subdivision);

(4) whether each survey number (or subdivision as the case may be) is wet, manavari, dry or garden land; if wet, whether single or double crop land;

(5) the rent lawfully payable at the time when the record is prepared;

(6) any rights lawfully incident to the holding;

(7) the record of irrigation rights under section 164 (3) of the Estates Land Act.

Fort St. George, July 6, 1926.

No. 510.—The following resolutions of the Government of India are republished:—

HOME DEPARTMENT.

POLITICAL.

Delhi, the 15th December 1914.

No. 2951-2964.—In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2831-2842, dated the 8th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged, before leaving, to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town and in the town of Rangoon, the Commissioner of Police) or Political Officer as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who owing to embarrassed circumstances, are unable to complete their courses of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them naval and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability, is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant_____

2. Father's name and caste _____

3. Residence_____

4. Age of applicant_____

5. Nationality of applicant*_____

6. Social or pecuniary status of father or (guardian)_____

7. Date or probable departure of applicant from India_____

8. Object of applicant's visit to England (Europe)

Signature of District Officer (in a Presidency Town, the Commissioner of Police or Political Officer, or head of school or college.†)

*Dated*_____

* I.e., whether a British subject by birth or by naturalisation (or a subject of a Native State).

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport unless it is supplemented by documentary evidence of respectability, endorsed by a Local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

EMIGRATION.

Simla, the 3rd September 1914.

No. 3752-3774-24.—The following procedure has been arranged by the Government of India in discussion with the Government of the Union of South Africa to facilitate the admission into the Union of the wives and minor children of Indians resident in that country.

2. The husband or father resident in South Africa who desires to obtain a certificate of relationship from a magistrate in India to facilitate the admission into the Union of South Africa of his wife or children under the age of sixteen years will, in the first instance, make application in the prescribed form to the immigration authorities in South Africa or to the magistrate of the district in South Africa in which he is residing and on obtaining from the proper officer in South Africa a certificate in respect of his application will transmit the same to his wife or child, as the case may be, for production with his application for a certificate of relationship before the principal local magistrate in India, viz., the Chief Presidency Magistrate in a Presidency town, the Political Officer in a Native State, or the District Magistrate elsewhere.

3. The principal local magistrate in India, on receipt of such application and on production before him of the certificate issued in South Africa, will institute an enquiry either personally or through an officer not below the rank of a Deputy Tahsildar, a Sub-Deputy Collector or a Mamlatdar according to the province concerned, and if the senior magistrate is satisfied as to the alleged relationship, he will grant a certificate of relationship in the attached form in favour of the person (or persons) referred to in the application, who will present it to the Immigration Officer at the port of entry in support of _____ claim to admission into the Union.

Simla, the 2nd August 1916.

No. 6687.—The following letter received from the Government of the East Africa Protectorate is published for general information:—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE
June 27, 1916.

Sir,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 5 (*a*)* might be permitted to enter the Protectorate on payment of a deposit according to nationality.† In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been allowed to land in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is in itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before landing, and if this section is read together with section 3 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1916 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of the Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,

Sir,

Your most obedient servant,

C. C. BOWRING,
Chief Secretary to the Government.

Local Governments and Administrations are requested to make the information contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

* The section prohibits the immigration of any person without visible means of support or any person who is likely to become a pauper or a public charge.

† The deposit required from a native of India is Rs. 50.

Fort St. George, June 30, 1926.

(G.O. Mis. No. 1050, Revenue).

No. 180.—Under section 155 of the Sea Customs Act, 1878, as amended by section 6 of the Sea Customs (Amendment) Act, 1914, and by the Central Board of Revenue Act, 1924, and in supersession of the rules published in Notification No. 295, dated 22nd November 1922, on pages 1306-1307 of Part I of the *Fort St. George Gazette*, dated 28th November 1922, the Governor in Council is pleased to make the following rules for ascertaining and determining what spirit imported into British India shall be deemed to be denatured spirit for the purposes of the law under which a special duty is imposed on denatured spirit and for causing imported spirits to be denatured. They will come into force at once:—

(1) Denatured spirit is spirit mixed with light caoutchoucine and crude pyridine bases wholly made from a mineral source as per specifications appended or woodnaphtha or other special denaturants approved by the Commissioner of Excise in the manner laid down below:—

(2) Spirit denatured with light caoutchoucine and pyridine bases may be imported by sea. Spirit treated with woodnaphtha or other special denaturants can be imported only with the special sanction of the Commissioner of Excise.

(3) Whenever spirit is imported which is said to have been denatured and on which it is proposed to pay duty *ad valorem* the Customs Collector shall send a sample of such spirit to the Commissioner's Laboratory for examination and report. On receipt of this report the Collector shall decide whether the claim shall be admitted or not. The Collector shall not admit the claim if the spirit is of less strength than 50° over proof and unless the importer satisfies the Collector that he is duly licensed to transport and possess such spirit. In the case of imports by sea from other Presidencies a certificate from the Collector of Customs at the port of shipment to the effect that the spirit is not of less strength than 50° over-proof and that it has been fully denatured with the prescribed denaturants may be accepted in lieu of the Commissioner's report.

(4) Spirit that has not been denatured in accordance with the prescribed methods either shall be so denatured or shall pay duty at the full tariff rate.

(5) Imported spirit may be denatured under the supervision of officers of the Customs department by the admixture of light caoutchoucine and pyridine bases provided (1) that the light caoutchoucine and pyridine bases to be mixed with the spirit must first be tested and approved in the Commissioner's Laboratory, (2) that they must be kept under lock and key, by, and be used under the supervision of, the Customs Collector, (3) that they must be used in the proportion of half a gallon of light caoutchoucine and half a gallon of pyridine bases to 99 gallons of the spirit and (4) that the spirit shall not be of less strength than 50° over proof. Similar conditions apply to the use of woodnaphtha, in the special cases where its use is permitted, with this difference that one part by volume of crude woodnaphtha of a strength not less than 50 per cent over proof shall be mixed with nine parts of spirit. The Commissioner's previous sanction should be obtained in cases of special methods of denaturation of spirit intended for use in particular articles and manufacture.

(6) Any expense which may be incurred by the Collector of Customs in denaturing spirit or in ascertaining that it has been denatured shall be paid by the importer.

(7) The quantity of denatured spirit which may be removed from the Custom House at any one time shall not exceed the limit prescribed in the rules made under sections 13 and 15 of the Madras Abkari Act, 1886. The Customs Collector will send an advice promptly of each issue of denatured spirit that he makes to the inspector of the circle to which the spirit is consigned.

(8) When any such spirit is imported in excess of the limit prescribed, the importer may bond such excess part of the consignment or the whole.

APPENDIX.

OFFICIAL LABORATORY TESTS TO ASCERTAIN THE SUITABILITY OF SAMPLES OF LIGHT CAOUTCHOUCINE AND PYRIDINE BASES FOR DENATURING ALCOHOL.

Light Caoutchoucine.

1. *Nature.*—By "caoutchoucine" is meant the liquid obtained by the dry distillation of vulcanised rubber. By "light caoutchoucine" is meant the liquid obtained by redistilling "caoutchoucine" and collecting that portion which passes over at or below about 200° C.

2. *The specific gravity of light caoutchoucine.*—The specific gravity of light caoutchoucine at 60° F. should lie between ·835 and ·860 referred to water at 1·000.

3. *Boiling test.*—For the purpose of this test, 100 c.c of light caoutchoucine should be redistilled in the pyridine testing flask (see specification for pyridine bases). Under these conditions not more than 15 c.c of distillate should pass over at or below 100° C whilst a total (including the foregoing) of at least 70 c.c. should pass over at or below 200° C.

4. *Absence of soluble constituents.*—When 25° c.c. of light caoutchoucine are shaken with an equal volume of water in a stoppered graduated cylinder and due time is allowed for the liquids to separate again into two layers, the light caoutchoucine should show no appreciable diminution in volume.

5. *Neutrality.*—The aqueous layer obtained from test 4 should show no marked acidity or alkalinity when tested with both red and blue litmus paper.

6. *Limit of saturated hydrocarbons.*—At least 70 per cent of the light caoutchoucine should be soluble in concentrated sulphuric acid. For testing this 25 c.c should be measured off into a tapped and stoppered separating cylinder of suitable capacity and sulphuric acid should be added, at first with great care and very small quantities. After each addition of acid, the cylinder should be shaken and cooled to avoid loss of volatile constituents. Sufficient acid must be used (usually about 50 c.c.) for the high coloured layer to become quite fluid so that it can separate readily from the upper layer of unattacked constituents. After a final thorough shaking and cooling, the cylinder should be left for about three hours to effect complete separation of the two layers and the lower layer be then tapped off. The almost colourless upper layer should be again shaken with strong sulphuric acid until it appears free from soluble constituents (as judged by the colour imparted to the sulphuric acid) and separated as before after standing. It should finally measure not more than 7 c.c. The acid used should be of specific gravity 1·84 and may be of commercial quality.

7. *Freedom from water.*—Light caoutchoucine should not contain any appreciable amount of water. Any officer engaged in drawing samples for test should certify on the bottle that he has drawn the sample from the bottom of the containing vessel where the water, if present, will be found. For this purpose he should employ a syphon tube of which the shorter limb reaches to the floor of the containing vessel. He should also assure himself that the sample is collected in a bottle free of moisture.

PYRIDINE BASES.

1. *Colour.*—The colour must not ordinarily be darker than that given by 2 c.c. of decinormal iodine solution dissolved in one litre of distilled water.

2. *Miscibility with water.*—The pyridine bases should mix readily and completely with spirit and should give a clear or only slightly opalescent solution when mixed with twice their volume of water.

3. *Amount of water present.*—From 20 c.c. of the pyridine bases mixed with 20 c.c. of caustic soda solution (density 1·4) at least 18·5 c.c. of the bases should separate after having been repeatedly shaken together and allowed to stand.

4. *Titration.*—Dissolve 1 c.c. of the pyridine bases in 9·5 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on congo red paper (the blue colour at once disappear). At least 9·5 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the congo-red paper, dissolve one gram of congo red in one litre of distilled water. Soak filter paper in this and then dry).

5. *Cadmium Chloride reaction.*—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine bases in 100 c.c. of distilled water with 5 c.c. of a 5 per cent solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result, and there should be an abundant separation of crystals within ten minutes.

5.(a). Another 10 c.c. of the above 1 per cent aqueous solution should give a white precipitate when mixed with 5 c.c. of Nessler's reagent.

6. *Boiling point.*—Distil 100 c.c. of the pyridine bases in the manner described below. At least 50 c.c. should distil over, at or under 140° C and a total of 90 c.c. at or under 150° C.

Method.—One hundred cubic centimeters of pyridine bases are placed in a short necked copper flask of about 200 c.c. capacity. The flask is arranged on an asbestos card which has a circular hole 30 m.m. diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 13 m.m. wide and 170 m.m. long provided with one bulb) of which the side tube (issuing 1 c. above the bulb) joins a Liebig's condenser of which the cooled part is at least 400 m.m. long.* A standard thermometer is placed in the head of the column so that its bulb occupies the centre of the bulb of the column.

* The above pattern is that specified in the German Government's Regulations and has been suggested for adoption as being a unique form obtainable in every Chemical Laboratory. The more modern double surface condensers may, of course, be substituted, where available.

The speed of distillation is adjusted to 5 c.c. per minute, the distillate being received in a graduated glass cylinder. At least 50 c.c. should distil over at or under 140° C. and 90 c.c. at or under 150° C. at a barometric pressure of 760 m.m.

If the barometer varies from 760 m.m. a correction of 1° C for each 30 m.m. of variation should be applied (e.g., under 770 m.m. of pressure 50 c.c. of distillate should come over at or under 140·3° C, whilst under 750 m.m. the same amount of distillate should come over at 139·7°.

NOTE.—Pyridine proper is a single definite compound (C_5H_5N) boiling at about 115°. "Pyridine bases" are mixtures of pyridine with closely allied compounds, boiling at various temperatures. They are cheaper and more effective denaturants than the pure pyridine.

No. 184.—The following resolution of the Government of India is republished :—

FINANCE DEPARTMENT (CENTRAL REVENUES)

EXCISE OPIUM.

Simla, the 17th June 1926.

[Opium—Internal Policy.]

No. 4.—The Government of India have been giving careful consideration, for some time past, to questions of Opium policy, both internal and external. In regard to external policy, in order to fulfil, both in letter and in spirit, the international engagements into which they have entered, and to lend as much assistance as lies in their power to the solution of the problems attending the use of 'prepared' Opium (that is, the smoking of Opium) in the Further East, they have recently announced their decision progressively to reduce, and finally to discontinue altogether within ten years, all exports of Opium from India for purposes other than scientific and medicinal.

2. The regulation of the internal traffic in Opium is under the reformed Constitution a Provincial 'Transferred' subject, in which the Government of India have no financial interest. Internal Opium policy is governed by considerations entirely different from those that arise in relation to the export of Opium to other countries. Opium smoking is the dominant factor determining external policy. In India, as was stated by the Royal Commission of Opium of 1893, Opium smoking is little practised, and is generally regarded as a disreputable habit; and the policy of the Government of India, based upon the findings of that Commission, has been, and is, one of non-interference with the moderate use of raw Opium, whether the object of the consumer be some real or supposed physical benefit, or merely the indulgence of the almost universal desire of human beings (particularly those whose occupations involve exposure, or severe bodily exertion), for a stimulant or a narcotic. Excessive indulgence it is, and always has been, the desire of the Government to suppress.

3. In the autumn of 1924, after a careful examination of various criticisms directed against their internal Opium policy, the Government of India addressed a circular letter (No. 6383, dated November 17th, 1924) to all Local Governments and Administrations. The object of this letter was to bring to the notice of Local Governments and Administrations certain special aspects of the internal policy in regard to Opium in India, and to afford an opportunity of reviewing the principles on which that policy was based. The Government of India expressed the view that, while no grounds had been disclosed for any radical change, there were three matters to which it was desirable to invite special attention. Local Governments and Administrations were accordingly requested to consider, and to favour the Government of India with their opinions in regard to (1) the possibility of closer inter-provincial co-ordination of policy, with reference to the determination of the selling-price of Opium, since marked differences of price in contiguous areas were likely to encourage illicit dealings in the drug; (2) the necessity, and possibility, of taking special measures to reduce consumption, and prevent abuse, in those exceptional areas, of which examples were given, where the recorded consumption of Opium per head of the population was markedly in excess of the standard of legitimate consumption laid down by the League of Nations; and (3) the desirability of investigating the extent to which the practice of giving Opium to young children prevailed in each Province, or other area concerned, and to which—where prevalent—it was productive of evil results; the need for, and practicability of, special measures to check this custom, and the nature of the steps to be taken, should such action be found to be necessary and feasible.

4. This letter, and the replies to it, are printed as an Annexure to this Resolution. The replies show that Local Governments are fully alive to the advantages of that closer co-ordination of policy recommended by the Government of India. Some Provinces have referred to the policy of adjoining States as a more serious source of embarrassment to them than the policy of neighbouring Provinces. The Government of Bombay have pointed out that there may be difficulties in the way of securing absolute uniformity of price even throughout the same Province, owing to the variety of local conditions.

5. In regard to the reduction of consumption in tracts where it is abnormally high, the replies point to the great decrease in consumption that has already been secured, and to the special measures taken to reduce it further; such as the introduction of registration in Burma and Assam. Here again emphasis is laid upon the difficulties caused by smuggling from Indian States, and reference is made to the danger that, unless such illicit sources of supply can be cut off, more harm than good may result from the too-hasty application of severer measures of restriction.

6. Finally, in regard to the administration of Opium to children the replies show, as was anticipated, that the extent to which this practice prevails varies widely in different parts of the country, though it can hardly be said to be unknown anywhere except, perhaps, in Burma, and in parts of Assam and Bengal. There is a general consensus of opinion that, whether or not the ill-effects of this habit have been exaggerated, it should be discouraged, but that the problem is not one that can be solved by legislation; nor—in view of the very small doses administered—is any improvement to be expected as a result of the enhancement of the sale-price of the drug. Education, health propaganda, and the activities of organizations for the promotion of child-welfare are indicated as the means upon which reliance must be placed for the ultimate eradication of this custom.

7. The Government of India have carefully considered the correspondence summarized above. They recognize that circumstances make it difficult, if not impossible, to secure complete uniformity in the sale-price of Opium throughout India. In accordance with a suggestion made originally by the Government of the United Provinces, they propose to convene at Simla in the near future an inter-provincial Conference of Ministers charged with the administration of Excise, at which certain outstanding problems relating to the co-ordination of Excise policy in India will be discussed. This Conference will offer a convenient opportunity for the examination of questions relating to Opium policy.

The Government of India have also under their consideration measures to check the smuggling of Opium from Indian States, and to secure both the co-operation of the States for that purpose and a greater degree of uniformity between the Opium policy of the States and that of British India.

8. In regard to the areas where consumption appears to be excessive the Government are again addressing Provincial Governments, in order to impress upon them the importance that the Government of India attach to concerting endeavours to remove these 'black spots' upon the map of India. Much has been done to reduce the consumption of Opium in the country as a whole, with the result that the Rev. W. Paton, whose pamphlet entitled "Opium in India", written in 1924, is referred to in the correspondence with the Local Governments and Administrations annexed to this Resolution, found

himself able to write in a more recent pamphlet entitled "India and Opium—The present Situation" (1926)—on page 13—that "for the larger part of the country the opium evil does not exist". The success attained is a subject for legitimate satisfaction; but there must be no slackening of effort so long as the statistics show that in those exceptional areas there may be room for considerable abuse.

9. In regard to the administration of Opium to children, the Government of India accept the conclusion (which was also arrived at by the Corporation of Bombay, who appointed a special Committee to consider the subject) that education and health or child-welfare propaganda are the only expedients that promise any satisfactory results; and that the problem is one with which legislation is powerless to deal.

10. The Government have anxiously deliberated whether they should accept the suggestion that has been put forward from many quarters, that the time has come for a fresh enquiry covering the whole field that was traversed by the Royal Commission on Opium of 1893. There is no support for this proposal in the views expressed by the Provincial Governments. To review the conclusions of an authoritative and impartial a body as the Royal Commission no agency other than that of another Royal Commission would be competent. The Government of India are satisfied that there is no aspect of the internal Opium problem in India today that requires for its elucidation the machinery of a Royal Commission, and they have decided definitely that there is no necessity for any such investigation.

11. In their opinion, the conclusions of the Commission, with a single exception, hold good at the present day. The exception relates to the value of Opium as a remedy for malaria. When the Commission wrote their Report, the true causation of malaria was not known. It is not surprising that they should have misinterpreted the indirect benefits that sufferers from malaria, as from other diseases, undoubtedly may derive from the euphoric virtues of Opium—its power, that is, to relieve suffering, and to counteract the depressing effects, physical and mental, of pain. The Government do not propose to enter into a technical discussion of this subject. That Opium is a drug of great medicinal value is a proposition that few will dispute. Its medicinal value has been recognized by the International Conference held at Geneva. Critics of the present policy of the Government themselves admit it when they demand that the use of opium should be confined to "medical and scientific purposes." Its use as an anodyne is of special importance to persons placed, as large sections of the population of India inevitably still are placed, beyond the reach of skilled medical assistance.

12. A policy aiming at the prohibition of the use of Opium in India for purposes other than medical and scientific would be clearly impracticable, in the circumstances, even if it were desirable. But, as has been shown above, there is no evidence that there is any serious and widespread abuse of Opium in British India, whatever the purposes for which it may be consumed, and the Government of India would regard as entirely unjustifiable a departure from their present policy of non-interference with moderate use. The statistics show a progressive reduction in consumption in British India as a whole, and the Government are convinced that a continuance of the existing policy, accompanied by special efforts to deal with those comparatively few areas where the average consumption is unduly high, is far more likely to produce beneficial results than any attempt to suppress altogether, by measures that the Government regard as indefensible in principle and doomed to prove instructions, or actually harmful, in practice, an age-long habit, the temperate exercise of which has been pronounced by the highest authorities to be free from injurious effects.

LETTER FROM THE GOVERNMENT OF INDIA, FINANCE DEPARTMENT (CENTRAL REVENUES), TO ALL LOCAL GOVERNMENTS AND ADMINISTRATIONS, No. 5389, DATED THE 17TH NOVEMBER 1924.

Opium—(1) Sale price—Enhancement of—Joint action by local Governments to minimise smuggling—(2) Consumption—Abuse—Measures to check in areas of high consumption—(3) Children—Administration of opium to—Measures to check.

I am directed to invite the attention of the Government of Madras, etc., to certain points relating to the consumption of opium in India at the present time, and to put forward certain suggestions for the consideration of His Excellency the Governor acting with his Ministers. As the Governments of Madras, etc., are no doubt aware, the opium policy, both internal and external, of the Government of India has lately been subject to a certain amount of criticism both in this country and elsewhere.

2. The Governments of Madras, etc., have possibly seen a pamphlet called "Opium in India" published by the Rev. W. Paton, under the auspices of the National Christian Council of India, Burma and Ceylon. This has been very carefully examined by the Government of India, and in their opinion it discloses no grounds for any general reconsideration of the internal opium policy in India which was framed in the light of the evidence before the Royal Commission, to which Mr. Paton, drawing upon much less ample and in every way less satisfactory materials, has contributed little or nothing that is new.

3. At the same time there are three matters that, I am to suggest, may merit consideration.

The first is the desirability of closer co-ordination of policy between Local Governments, and particularly between the Governments of adjacent provinces, in regard to the fixing of the sale price of opium. The Government of Assam, in their letter No. X-240-3370-G.J., dated 19th July 1924, pointed out that the measures that it had taken with the object of reducing consumption, by increasing the retail price of opium and decreasing the quantity issued, were hampered by the fact that prices in Assam are now considerably higher than in some other parts of India, and that consequently opium is being smuggled into Assam. The Government of Assam remarked that they would welcome joint action regulating the issue price of drugs.

4. Secondly, while there are large areas in India where the consumption of opium per head of the population is considerably lower than the standard of legitimate consumption laid down by the League of Nations, which is 600 milligrammes per head per annum (equivalent to a little over 6 seers per 10,000 of the population per annum), the consumption in different parts of India, and in different areas in one and the same province, shows very large variations, and there are places where the consumption per head very largely exceeds the League's standard.

5. As examples I am to mention the following:—

(1) the whole of Burma where of course smoking is rife—both among the Chinese and among the older Burmans. Consumption is as high as 15 to 20 times the standard of the League of Nations in districts full of Chinese like Rangoon, Tavoy, Mergui, and about 5 times that standard in the whole of Burma on the average,

(2) the Brahmaputra Valley in Assam, where there is both smoking and eating. Consumption is as high as 30 times the League of Nations standard in the frontier districts, and averages 8 to 9 times the League's standard for the whole of Assam,

(3) Orissa and Midnapore Consumption is about three times the League's standard,

(4) the Northern Circars of Madras. Consumption is about four times the League's standard (but ten times the standard in one district),

(5) Sind—where consumption is about six times the League's standard,

(6) the Central Provinces and Berar. Consumption is about three times the League's standard on the average and five times in Berar.

(7) the districts peopled by the Sikhs Consumption is about four times the standard on the average, and in some districts 8 to 10 times the standard,

(8) Areas adjoining Rajputana, *e.g.*, the Northern districts of Bombay where consumption is about 6 to 8 times the League's standard,

(9) Big industrial centres like Calcutta (7 times), Bombay (7 times), Cawnpore (5 times), Lucknow (3 times), Madras (4 times), Sholapur (6 times), Ahmedabad (7 times), etc., and

(10) a few places in the Deccan, like Poona, Ahmednagar, etc., (4 to 6 times the standard),

(11) isolated places like the Nilgiris (over 3 times) and Benares (over 5 times the standard).

It seems clear that in areas where the consumption is so high there is a likelihood of abuse, and it appears to the Government of India that it would be well to consider whether any special measures are necessary and practicable to reduce consumption and prevent abuse in such areas. In Assam and Burma, of course, special measures of restriction have already been taken, and there it would only be necessary to consider whether anything further can be done either in the provinces as a whole or in particular parts of it.

6. Thirdly, there seems to be no doubt that the practice of administering opium to babies and children is very widespread. This is of course nothing new. Abundant evidence on the subject was recorded by the Opium Commission and they discussed it fully in their report. They pointed out that the practice dated in Malwa, at all events, from so long ago as the 16th century. There is much to be said for the view expressed by Sir William Roberts in his memorandum annexed to the report of the Royal Commission, that if serious physical results frequently arose from so common and so ancient a practice a very large proportion of the children in some parts of India would be affected and the results must have been long ago detected and generally recognised by medical writers and practitioners in India.

7. It is also quite true, as observed by one of Mr. Paton's witnesses, that "through ignorance and mid neglect so many influences combine against a healthy childhood that one cannot estimate the results of opium alone." This is precisely what was remarked by the Royal Commission. They said that "children suffering from atrophy as the result of insufficient breast milk in the mother or for other reasons, would in India as a matter of course be dosed with opium, and even cautious observers might be misled as to the true causal sequence" and they mention other cases that "might prove similarly deceptive" and which "might easily be misinterpreted."

8. At the same time there is little doubt that the best modern medical opinion would deprecate the practice of giving opium to children. It therefore appears to the Government of India that it would be well to investigate the extent to which this practice prevails in each province, and to which, if prevalent, it is productive of evil results, and to consider whether it is necessary and practicable to take any measures specially designed to check it, and if so, what those measures should be. No doubt this is a matter in regard to which much may be done by the organizations that are already in existence for the purpose of instructing Indian mothers in regard to child-welfare. Some of Mr. Paton's witnesses mentioned that such instruction had proved very effective in inducing mothers to abandon the practice of giving opium to their children.

9. I am to request in conclusion that the Government of India may be favoured with an expression of the views of His Excellency the Governor acting with his Ministers in regard to these three aspects of the opium question.

LETTER FROM THE GOVERNMENT OF THE PUNJAB, REVENUE DEPARTMENT, No. 1087-I.S.G., EXCISE, DATED THE 15TH JANUARY 1925.

In reply to your letter No. 5383, dated 17th November 1924, regarding the opium policy in India, I am directed by the Punjab Government (Ministry of Agriculture) to say that they agree with the Government of India's conclusion that Mr. Paton's pamphlet discloses no grounds for any general reconsideration of the opium policy in India and contains little of any value.

2. The Punjab Government (Ministry of Agriculture) also agree that it is very desirable that there should be much closer co-ordination of policy between Local Governments. In the Punjab the retail sale of opium has recently been made subject to a maximum retail price of Rs 1-4-0 per tola, while the wholesale price has been fixed at Rs. 70 per seer of 80 tolas; it was found impossible to fix a higher retail rate than this as the Province is already swamped with illicit opium, smuggled in from the Rajputana States, the consumption of which in the Sikh districts is, in some cases, probably greater than that of licit opium.

3. The Punjab Government (Ministry of Agriculture) are willing to co-operate with other Provinces in any measures deemed necessary and practicable to reduce consumption, but consider that no measures which do not deal with the production and export of opium from the Rajputana States are likely to be effective.

4. As regards the administration of opium to children the Punjab Government (Ministry of Agriculture) think that there is possibly a good deal of exaggeration, but at the same time there is no doubt that the practice is much to be deprecated. Propaganda work in the Punjab can probably best be done by the Director of Public Health, Punjab. The Ministry of Education will be consulted on this point.

LETTER FROM THE AGENT TO THE GOVERNOR GENERAL IN BALUCHISTAN, No. 257 R., DATED THE 23RD JANUARY 1925.

I am directed to acknowledge the receipt of Mr. Sundaram's letter No. 5383, dated the 17th November 1924, in which this Administration is asked to submit an expression of its views in regard to the following three aspects of the consumption of opium in India at the present time:—

(1) closer co-ordination of policy between Governments of adjacent provinces in regard to the fixing of the sale price of opium,

(2) measures necessary and practicable to reduce consumption and prevent abuse in areas of high consumption, and

(3) measures necessary and practicable to check the administering of opium to babies and children.

2. As regards (1), the following statement shows the rates of sale price of opium current in Baluchistan as compared with those prevalent in the adjacent provinces.

Name of the province.	Price per seer charged by vendors
Sind-Karachi	Rs. 90 to 120.
Punjab	Rs. 120 to 190.
North-West Frontier Province ..	Rs. 90 to 140.
Baluchistan ..	Rs. 140 to 200.

In view of the figures, these Honourable the Agent to the Governor-General considers that no useful purpose would be served by further enhancement in these prices.

With regard to (2), I am to say that the average consumption of opium in Baluchistan per 10,000 of population in recent years has been as shown below :—

1921-22	19 seers.
1922-23	11 seers.
1923-24	8 seers

From these figures it is evident that the high sale rates already prevailing in Baluchistan, which have reached the existing figures after gradual periodical enhancements, have contributed materially towards a steady decrease in the consumption of this drug and the Agent to the Governor-General therefore sees no cause for alarm that the drug is liable to abuse. The standard of legitimate consumption is no doubt slightly higher but in view of the orders which have recently been issued to courts in the Province to apply rigorously the provisions of the Penal Law to offences relating to opium, the Agent to the Governor-General anticipates that consumption will soon be reduced to the prescribed level and so further special measures appear therefore to be necessary as far as this province is concerned.

In respect of (3), I am to say that there are no possible means of giving any opinion with any pretension to even approximate accuracy on this point.

LETTER FROM THE GOVERNMENT OF THE CENTRAL PROVINCES, SEPARATE REVENUE DEPARTMENT, No. 334—292 XI, DATED THE 4TH FEBRUARY 1925.

I am directed to acknowledge receipt of your letter No 5383, dated the 17th November 1924, on the subject of the consumption of opium in India.

2. The Government of India desire to put forward three matters for the consideration of the Government in connection with their opium policy, namely :—

(1) The desirability of closer co-ordination of policy between local Governments in regard to the fixing of the sale price of opium.

(2) Whether it is necessary and practicable to reduce consumption of opium in the Central Provinces within the standard of legitimate consumption laid down by the League of Nations.

(3) Whether it is necessary and practicable to take measures specially designed to check the practice of administering opium to babies and children.

3. In regard to the first of these suggestions, I am to say that this province is peculiarly situated. It is also entirely surrounded by Indian states whose opium policy is of far greater importance to the Central Provinces than that of other Provincial Governments. The Central India States in particular, with their long frontier adjoining the Central Provinces and their low selling rates present a special problem. This Government would welcome any concerted action by those States to raise price of opium to a figure approximating that prevailing in the Central Provinces, but, as the Government of India are no doubt aware, there are great difficulties in securing any such joint action. As regards local Governments, full enquiries are already made from other provinces before any alteration is made in the issue price of opium and no inconveniences has been caused by any discrepancy between the Central Provinces rates and those adopted by other local Governments. At present the rates in the United Provinces, Bihar and Orissa, Bombay, Madras and the Central Provinces are all between Rs. 70 and Rs. 75 per seer. If any local Government proposed a sudden rise in its rates, in its own interests, it would consult adjoining administrations and attempt to secure their support.

4. Turning now to the second suggestion. I am to observe that this Government has already taken substantial measures to restrict the consumption of opium. During the last six years, the issue price has been raised from Rs. 37 to Rs. 75 per seer; the limit of individual possession has been reduced from 2 tolas to 1 tola and the number of shops has been reduced in the last six years from 1,072 to 1,016. As a result of these measures, the consumption of opium has fallen from an average of 46,935 seers in the three years 1916–17 to 1918–19 to an average of 36,693 seers in the last three years for which statistics are available.

5. The Government of India may rest assured that this Government will take all practicable steps towards reducing the consumption of opium. It will, however, be readily understood that having already effected a reduction of 34 per cent in the consumption of this drug in the last few years, any further restriction presents grave difficulties. Indeed so long as the price of opium in the adjoining Indian States remains so low, any further substantial enhancement of price cannot but result in an outbreak of smuggling which it will be difficult and perhaps impossible to check. This Government is not aware of the method by which the League of Nations has calculated its standard consumption, but I am to suggest that in a malarious province, where epidemics of all kinds are common, the medicinal use of opium would justify a considerable departure from a standard arrived at—possibly on a consideration of European conditions. It is true that such medicinal or semi-medicinal uses may in some cases be misguided, but so long as the bulk of the people of India are beyond the reach of adequate medical relief and so long as they regard opium as an invaluable specific for all kinds of ailments, it is impossible to introduce measures restricting such use without inflicting grave hardship. It appears, therefore, to this Government that any further substantial reduction in the use of opium can only be effected gradually by education and public health propaganda, and that any sudden and arbitrary measures designed to this end will in fact defeat their own purpose. The matter will be brought to the notice of the Director of Public Health in connection with his public health publicity campaign.

6. It is suggested in paragraph 5 of your letter that special enquiry should be made as to the extent to which the practice of administering opium to children prevails in this province. In regard to this proposal, I am to say that in the opinion of this Government such an enquiry would serve no useful purpose. The fact that opium is widely administered to children is well known. In Berar, for example, it is administered as a matter of course to the children of all classes from within a few days of birth till they are two or three years of age—a fact which in part explains the higher consumption of opium in Berar. In the Central Provinces the extent of the practice differs with different classes. The forest tribes do not give their children opium but it is commonly done by others. As regards special measures to check the practice, it appears that no enhancement of price or fiscal restriction is likely to have the desired result, as an infant only

consumes about 2 tolas in a year. Legislation appears out of the question; no social stigma attaches to the consumption of opium, and a law prohibiting its administration to children even if it could be enacted, would not only be unpopular, but also impossible to enforce. The matter is obviously one which should be taken up in connection with child welfare, and Indian mothers should be instructed as to the harmful results of the drug. For publicity purposes, it is desirable that some enquiry should be made into the harmful results of the drug on children and the Director of Public Health will be asked to take up this matter. The local Government consider that any further measures taken to discourage this practice are not likely to prove effective.

LETTER FROM THE CHIEF COMMISSIONER OF COORG, No. 331/121-05, DATED THE 4TH FEBRUARY 1925 :

In reply to your letter No. 5383, dated the 17th November 1924, I am directed to say that Coorg already closely follows the Governments of Madras and Mysore in fixing the issue price of opium. Cases of smuggling of this drug in Coorg are unknown.

2. The consumption of opium in Coorg is comparatively low, the average being 2·41 seers per 10,000 of population or something below half the standard fixed by the League of Nations. The drug is mainly used by quacks for medicinal purposes. Opium is smoked only by Mahammadan fakirs.

3. As regards the administration of opium to children, Major F. C. Fraser, I.M.S., Civil Surgeon, Coorg, who has had a considerable experience in the treatment of children, is of opinion that the existence of such a practice has been greatly exaggerated at least so far as the Madras Presidency is concerned.

LETTER FROM THE CHIEF COMMISSIONER, DELHI, No. 1578-COMMERCE, DATED THE 12TH MARCH 1925.

In reply to Mr. Sandeman's letter No. 5383, dated the 17th November 1924, I have the honour to state that the issue price of opium in the United Provinces, the Punjab and Delhi is uniform at Rs. 70 per seer. The present retail price appears to be uniform in all these Provinces at Rs. 1-8-0 per tola but for 1925-26 the Punjab has fixed Rs. 1-4-0 per tola as the maximum rate and I have issued similar orders. This is a matter for discussion between the Punjab and United Provinces Governments as the Administration follows the Punjab practice.

2. The consumption of opium was returned in the Excise Report for 1923-24 at 2 seers per thousand adopted as the League's standard. The circumstances of Delhi are very special and predominately urban. The excess of consumption is attributed to the very large influx of cold weather visitors many of whom, especially those who come from the Indian States consume a considerable amount of opium. It does not seem possible to suggest any measures which would be likely to have any real success in reducing consumption in Delhi.

3. The practice of giving opium to infants up to the age of 2 years is not very common now among the higher and educated classes but is still not uncommon amongst the poor and illiterate. It is reported that evil results can only be directly traceable to the practice in very few cases though accidents do occur. The most hopeful means of checking the practice lies in the education of the poorer class women in hygiene through the Lady Health Visitors and the members of the medical profession who practice in the town.

LETTER FROM THE CHIEF COMMISSIONER, AJMER-MERWARA, No. 458/569 X., DATED THE 9TH MARCH 1925.

With reference to letter No. 5383, dated the 17th November 1924, from the Government of India in the Finance Department (Central Revenues), I have the honour to forward herewith for the information of the Government of India, a copy of a note containing the views of the Collector of Excise Revenue, Ajmer-Merwara, with which I and the Commissioner, Ajmer Merwara, agree.

NOTE BY THE COLLECTOR OF EXCISE REVENUE, AJMER-MERWARA.

The three questions to be considered are :—

A. The desirability of closer co-ordination of excise policy between Local Governments of adjacent provinces in regard of fixing the price of opium.

B. The possibility of reduction of consumption and prevention of abuse where consumption exceeds the standard laid down by the League of Nations.

C. The practice of administering opium to babies and children.

(i) The extent to which this practice prevails.

(ii) The extent to which it is productive of evil results.

(iii) The practicability of initiating measures calculated to check the practice.

2. *In regard to A.*—The co-ordination of excise policy is as manifestly desirable as it is difficult of attainment.

The difficulty has long been recognised in British India and the question becomes infinitely more complex where (as in the case of this administration) the 'Adjacent Provinces' consist of no less than five Indian States, i.e., Jodhpur, Jaipur, Udaipur, Kishengarh and Shahpura.

Before co-ordination of policy can be considered a definite form of policy must exist in the territories of the parties to such co-ordination and hitherto a definite form of policy cannot be said to have existed in the States bordering on Ajmer Merwara.

Were such policy to exist in each State, co-ordination of policy with their neighbours would not, I think, present serious difficulty.

The present position in regard to the issue price of opium is as follows, as far as can be ascertained, but prices in the States vary considerably from time to time :—

Locality.	*Price.*
Ajmer-Merwara ..	2 tolas per rupee.
Jodhpur	2—3 tolas per rupee.
Jaipur	2 tolas per rupee.
Udaipur	3½—4 tolas per rupee.
Kishengarh	3½ tolas per rupee.
Shahpura	3½ tolas per rupee.

The present appears to be favourable opportunity to reopen the question and invite the States to set up a definite and stable Excise policy with a view to making co-ordination possible not only with Ajmer-Merwara but with all their neighbours whether States or British Territory, and so to assist in the attainment of an All India Co-ordination which appears to be the final result foreshadowed in the Government of India memorandum.

3. *In regard to B.*—The average quantity of opium issued for sale at present in Ajmer Merwara is 88 maunds per annum.

This represents an excess of 9 times the standard laid down by the League.

This appears high but Ajmer Merwara is surrounded by tracts where the consumption of opium is widely prevalent.

It is impossible to arrive with any accuracy the amount of opium consumed over and above the quantity issued by authority but there can be no doubt that this is considerable.

The normal remedy for decreasing consumption is to raise the issue price

In the present circumstances outlined in paragraph 2 this is not feasible since to raise the price further would inevitably lead to an increase in smuggling, and reduction in consumption would not necessarily result.

Moreover, unless it were possible for the complete eradication of smuggling to go hand in hand with the increase of issue price the check on consumption would tend to pass out of the hands of the Excise Department and the last state would be worse than the first

An example of this is provided in the failure of the Excise policy of the United Provinces and Punjab in regard to Country Liquor for the year 1923-24.

At present the balance may be said to be fairly evenly held.

Both smuggling and consumption are kept within reasonable bounds.

More cannot be done until Co-ordination of Policy exists between Ajmer-Merwara and her neighbours both in regard to price inductive measures against smuggling of contraband opium.

As long as low prices obtain over the border, smuggling will continue and the larger the profit to be made the bolder will the smugglers become, assisted as they are by the nature of the country and hampered as is the Excise Department by paucity of Staff.

Abuse of opium that is to say consumption in excess of the general average is confined to individuals only and its prevention would not, I think, be possible.

The confirmed opium taker will by some means or other continue to obtain excessive supplies

Even were the general average reduced, these individuals would still consume more than their fellows and relatively speaking "abuse" will always be present.

In short, if consumption of opium is to be reduced the price must be increased and any such increase must be brought into force simultaneously in the bordering States.

Also concerted measures against smuggling must be taken by all the States in conjunction with Ajmer-Merwara and with each other.

4. *In regard to C*—That the practice of administering opium to babies and children exists in Ajmer-Merwara in common with all other parts of India is well known but it is doubtful whether an investigation as suggested in paragraph 8 of the memorandum would lead to much result.

To be of any real value, accurate statistics are required

To arrive at the extent to which the practice prevails would entail a long and laborious investigation if, as is presumed, definite statistics are to be formulated and it is difficult to see what benefit would result from such statistics, when arrived at.

Equally to ascertain the extent to which the practice is productive of evil results would entail a minute and searching enquiry by competent medical men over a prolonged period if definite facts (to the exclusion of possible error outlined in paragraph 7 of the memorandum) are to be collected

The time taken up in these investigations would be better spent in taking measures to check the practice.

Social organization could do much in this direction supported by systematic lecturing in the villages by the subordinate medical staff or specially appointed lecturers

One thing, however, is certain that the eradication of the ancient and deeply established practice will take a long time and will call for unceasing effort.

LETTER FROM THE GOVERNMENT OF ASSAM, GENERAL AND JUDICIAL DEPARTMENT, No. Ex.-175/2008, DATED THE 4TH APRIL 1925.

I am directed to reply to Mr. Sundaram's letter No. 5383 of the 17th November 1924, in which the opinion of the Government of Assam was asked on three aspects of the opium question,

2. The first question is the desirability of closer co-ordination between provinces in regard to the fixation of the sale price of opium. The Government of India are already in possession of the views of the Government of Assam on this question, and these views have been quoted in paragraph 3 of the letter under reply. Strict rationing and a steady reduction of issues are already enforced, but the Governor in Council desires to repeat his conviction that these measures can be but partially successful so long as marked differences exist between the issue prices of opium in Assam and elsewhere. I am to enclose an extract from the proceedings of the Legislative Council of Assam containing the debate on a resolution which was moved and adopted at its recent session. It may be possible for this Government to arrange with the Governments of Bengal and Burma for concerted regulation of issue prices, and the Governor in Council trusts that the Government of India will urge other provinces and any States concerned to initiate steps in this direction.

3. As regards the reduction of consumption, the Government of India recognize the special measures already taken in this province and ask that the possibility of further measures should be considered. The effect of the action already taken will be apparent from the undermentioned statement and the Governor in Council is content to allow those figures to speak for themselves. It must be remembered also that the population of the province is steadily increasing year by year, so that the proportionate reduction is even greater than the figures indicate. It has now been decided to extend to the whole province the system of restriction of issues to registered consumers who hold passes granted by the district officer, and as this is an important change of excise policy the decision has already been reported in detail to the Government of India in my letter No. 1989 G.J., dated the 9th April 1925.

		Issues.	*Consumption per 10,000 of the population of* 1921.	
		Mds	Srs	Mds. Srs
1920–21	.. ..	1,814	35	2 3
1921–22	.. ..	1,048	11	1 17
1922–23	.. ..	992	37	1 13
1923–24	.. ..	910	21	1 8

4. Finally with regard to the practice of administering opium to children, I am to say that careful enquiries show that the custom is not prevalent to any extent. In the Brahmaputra Valley, where the consumption of opium is heaviest, the Commissioner reports that the practice is not followed and would in fact be repugnant to Assamese feeling. The practice is said to be not unknown in parts of the Khasi and Jaintia Hills district, but there are difficult of access and lie not in British India but in territory subject to Siems or Chiefs of Khasi States. His Excellency in Council does not consider that any special measures of prevention are required, and relies for the extirpation of the practice on the gradual reduction of the general supply of opium by the policy of restriction already adopted, and on the educative effects of, for instance, the child welfare movement.

EXTRACT FROM THE PROCEEDINGS OF THE LEGISLATIVE COUNCIL OF ASSAM.

Price of Opium.

Srijut Nilmani Phukan,—Sir, the resolution which stands in my name runs:—

This Council recommends to the Government of Assam to move the Government of India to take necessary steps for uniform all-India price of opium.

The object of my moving this resolution, Sir, is that all the restricted measures that have been adopted by the Government from time to time have failed to a great extent in lessening the consumption of opium, especially in this part of the country, because in my opinion the different prices obtaining in the different provinces are responsible for this state of things. I know of my own district where smuggling is going on briskly. I ascribe the whole cause to the one fact that Malwa opium can be smuggled at a very cheap rate in any part of the country where opium sells at Rs. 150 per seer. It is a notorious fact that every Excise officer in the Lakhimpur district, nay Government officers and outsiders know that opium smuggling is going on every day. The opium that is consumed by the opium eaters is always smuggled into the district the reason being that the smuggler can smuggle opium at a price one-fourth or one third the actual price that is obtaining there. So that there must always be an inequality in the price of opium. If we suggest to the Government that registration is necessary Government in its turn will reply 'What do you think of this smuggled quantity of opium'? Quite so. If we only look to the registration and all other restricted measures that are possible for the Government, but if we overlook this fact that smugglers may be tempted to bring in larger quantities of opium—then we can imagine that all these measures will go for nothing. To my mind at least this uniform all-India price will greatly remove this difficulty. If the same price obtains in the province from which the smugglers obtain their opium I do not think it will be encouraging for them to do so. It might be argued that the opium which comes from native States are not under the control of our Government. It is true. But knowing that full well I move this resolution because opium has already become an international question. And as such I feel that our Government is in a position to move the Government of India for taking the necessary steps to make this sort of inter-State question in India. If we receive opium from these native States under certain terms I believe the Government of India can also move in this very matter so that smuggling may be stopped. Smugglers may have less temptation for doing that on account of the same price that might obtain in all the provinces. This is my main idea, namely, to stop smuggling and to enable the Government to move in the matter of restriction more efficiently. The question therefore does not require further elucidation. I move my resolution with this main objective and I hope that the Government will see their way to accept it and that the House will also support me.

The Honourable Sir Williams Kotoki—Sir, the honourable mover has very rightly pointed out the encouragement to smuggling necessarily given by the price in one area being considerably higher than the price in another. That is what we have to face in Assam. We have not so far feared overlooked this danger. In fact I may tell him that last year we addressed the Government of India and pointed out that the measures we were taking to diminish issues and to reduce consumption were being hampered by the fact that the sale price of opium varied so much throughout India. We knew that the Government of India are considering our suggestion. We know in fact that they are consulting other Local Governments and we can only await the result. Therefore, Sir, we have already in fact taken the action which the honourable member urges on us, and subject to the reservation that we cannot of course control the action of other Governments we readily accept this resolution.

The motion was put and adopted.

LETTER FROM THE GOVERNMENT OF BURMA, DEPARTMENT OF AGRICULTURE, INDIAN AND FORESTS, No. 516-X-24, DATED THE 4TH MAY 1925.

I am directed to reply to Mr. Sundaram's letter No. 5483, dated the 17th November 1924. The Government of India suggest three matters relating to the consumption of opium in India which appear to merit consideration. The first of these is the desirability of closer co-ordination of policy between Local Governments and particularly between the Governments of adjacent provinces, in regard to the fixing of the sale price of opium. It is mentioned that the Government of Assam has pointed out that the measures which it has taken with the object of reducing consumption by increasing the retail price of opium and decreasing the quantity issued are hampered by the fact that the prices in Assam are now considerably higher than in some parts of India, and that consequently opium is being smuggled into Assam. In this connexion, I am to say that the Government of Burma (Ministry of Excise) would welcome the adoption of joint action concerning the same price of opium. The price in Burma is considerably higher than in India, and any increase in the price in India would make the smuggling of Government opium from India into Burma less profitable. A table is attached to this letter [Enclosure A] showing over the last ten years the average wholesale and retail price per seer of excise opium. It will be observed that the prices have nearly doubled during that period. As the Government of India are probably aware, there is a considerable traffic in contraband opium, both by sea and by land, between India and Burma. The main contraband zone for Indian opium in the Irrawaddy Division, and the Thayetmyo, Insein, and Prome Districts. There is, however, also organised smuggling of Bengal opium into Arakan. To what extent this traffic is due to the difference between the price at which excise opium is sold retail in Burma and the price at which Indian opium can be acquired for the purpose of smuggling into Burma cannot be accurately determined, but it seems clear that, so long as the price in India is low enough to make the traffic profitable, it will be difficult to check it effectively. The gradual enhancement of the price of excise opium in Burma is in accordance with the policy of progressive reduction in consumption, and the Government of Burma is averse from reducing the price, although it recognises that such reduction might be a step towards closer co-ordination of policy between this and other Local Governments in regard to the fixing of the sale price of opium. It would prefer that this co-ordination should be achieved by a gradual rising of prices in the other provinces. It must, however, be admitted that the problem of contraband opium in this province is felt most acutely in connection with the importation of cheap Chinese opium, and with this the Government of India are not concerned in connection with the present reference.

2 The Government of India next raise the question whether any measures are necessary and practicable to reduce consumption and prevent abuse in areas where consumption per head very largely exceeds the standard of legitimate consumption laid down by the League of Nations. At the

some time it is recognised that in Burma special measures of restriction have already been taken, and it remains only to consider, therefore, whether anything further can be done in this direction either in the province as a whole, or in particular parts of it. A statement is attached to this letter (Enclosure B) showing the amount of opium in seers issued from treasuries in Burma in the last ten years. It will be observed that there has been a decrease from 41,083 seers in 1914-15 to 29,832 seers in 1923-24. In other words, the issues of opium are steadily diminishing, while the population is increasing. It is impossible, in the opinion of this Government, to carry the process much further, because the demand will certainly be met by illicit opium if licit opium is not forthcoming. There is a widespread opinion among officers responsible for the Excise administration in Burma that too rapid progress has been made in the matter of reducing issues. The incidence of consumption per hundred of the population was '449 of a seer in 1919; by 1924 this was reduced to '267 of a seer. Many officers in this province question the propriety of the standard of legitimate consumption laid down by the League of Nations. It is argued that a standard rate for all races in all climates and under all conditions is impracticable. The standard normal monthly consumption was estimated by a recent Excise Commissioner in this province at 2·5 tolas for Indians, 4·5 tolas for Burmans, and 7·5 tolas for Chinese. Within these normal limits, however, monthly allowances may vary widely. The Government of Burma, as stated in paragraph 5 of Mr Sundaram's letter, has already taken special measures of restriction with a view to checking the practice of opium smoking. I am to say that the Government of Burma is not at present disposed to take any further steps towards restriction, as it is anticipated that the only practical result of such steps would be an increase in the consumption of illicit opium.

3. The third point referred to this Government in Mr. Sundaram's letter is the practice of administering opium to babies and children. I am to say with reference to this that though this practice cannot be said to be extensively prevalent in Burma, cases in which Indian and Burmese nurses have doped children without the knowledge of parents are occasionally met with, and it is also believed that opium is frequently administered by indigenous physicians and by unqualified practitioners generally in the form of soothing syrups and pills in the treatment of infantile ailments. The Government of Burma concurs in the view that much may be done by the organisations that are already in existence for the purpose of instructing Indian mothers in regard to child welfare, but would suggest the possibility of further more stringent legislation in regard to dangerous drugs.

LETTER FROM THE GOVERNMENT OF BIHAR AND ORISSA, No. 433-L.S.G.R., DATED THE 15TH MAY 1925.

I am directed to refer to Mr. Sundaram's letter No. 5383, dated the 17th November 1924, and to convey the views of the Local Government in the Ministry of Local Self-Government on the questions raised therein as follows:—

(i) There can be no doubt about the desirability of a co-ordination of policy between the Governments of adjacent provinces in fixing the sale price of opium and so far as this province is concerned it has always been the practice of the Excise Department to consult the adjoining provinces before making any modification in price of opium.

(ii) The local officers of the Orissa Division were consulted as to what could be done to check consumption in Orissa. Some of the district officers recommend a decrease in the limit of possession from three tolas to one or one and a half tolas of raw opium and from half a tola to one-fourth tola of preparation for smoking. Some suggest prohibition of smoking except at the smokers' own residence and others recommend the continuance of the policy of raising the retail price, the adoption of which has led to a gradual reduction in the consumption of the drug. The Collector of Cuttack observes that the opium question in Orissa is dependent on the policy adopted in the Feudatory States of Orissa and unless that policy can be brought in line with that adopted in British India any drastic restrictions made in the latter will be partly nullified and will lead to greater smuggling of opium from States. The retail price of opium has just been raised in Orissa as well as elsewhere by Rs. 10 a seer and no further enhancement of the price can be made until the results of this are known. The Commissioner of Excise is of opinion that the proposed reduction in the limit of possession is sound and proposes to submit proposals in this connection which will be considered by the Local Government when received. In the opinion of the Local Government in the Ministry of Local Self-Government the continuance of the present policy of enhancement of price seems to be the best remedy.

(iii) The practice of administering opium to children is reported from 13 districts of the province, viz., Gaya, Saran, Champaran, Monghyr, Bhagalpur, Purnea, Cuttack, Balasore, Puri, Sambalpur, Hazaribagh, Ranchi and Palamau, being common only in five districts—Gaya, Monghyr, Cuttack, Balasore and Sambalpur. The opium is administered in very small quantities with a view to keep the children quiet while the mothers are at work. There is a practical unanimity of opinion that no legislation can stop this and that the proper remedy is to be found in the education of public opinion and propaganda work and that it is desirable to seek it through the Education and Public Health Departments. The only other course possible seems to be penalisation, but any legislation imposing penalties would be most difficult to enforce until public opinion is educated on the subject sufficiently.

LETTER FROM THE GOVERNMENT OF THE UNITED PROVINCES, No 133-XIII-130, DATED THE 20TH MAY 1925.

I am directed to refer to Mr. Sundaram's letter No. 5383, dated the 17th November 1924, in which the Government of India have consulted this Government on—

(a) Co-ordination between provincial Governments in fixing the sale price of opium,

(b) Measures to reduce consumption in areas where it is higher than the standard fixed by the League of Nations

(c) The practice of administering opium to children and the possibility of checking it.

2. (a) The Governor acting with his Ministers is prepared to co-operate with other provincial Governments enforcing their excise policy. At present, however, little can be done. The smuggling of excise opium out of the United Provinces into other areas, which was a serious problem some years back, has now almost ceased because the issue price has been raised so much. It has been replaced, however, by more dangerous malpractices, viz., the smuggling of crude opium from, and its illicit consumption within, the United Provinces. The Governor acting with his Ministers considers that these evils can only be stopped effectively by better control of cultivation and of the raw produce. The Opium Department can best carry out such control, and this Government have already addressed the Government of India in their letter No. C.-1423, dated the 23rd March 1925.

3. (b) Paragraph 5 of Mr. Sundaram's letter states that the consumption of opium in certain important centres, such as Cawnpore, Lucknow and Benares, is considerably higher than the standard of six seers per 10,000 of population laid down by the League of Nations. I am to append a statement showing the incidence of sale per 10,000 of population in the 16 largest cities of the province. These sales vary from 19·4 seers per 10,000 of population per annum in Fyzabad to 98·7 seers in Benares.

4. I am however to observe that—

(i) The figures represent the sale of urban shops, not the consumption in urban areas. Urban sales and urban consumption do not correspond. In the province as a whole there is only on the average one opium shop to 129 square miles; whilst relatively there are far more urban than rural opium shops. Round every city there are rural tracts for which the most convenient source of supply is not a rural but an urban shop. Every town shop includes amongst its regular customers not only people of the town but also people of a certain rural area around that town. Moreover, in industrial towns like Cawnpore and in pilgrim centres like Benares, the sales are further swelled by the purchases of visitors and pilgrims who came from farther afield.

(ii) Since urban sales are not equivalent to urban consumption, there is no means of ascertaining the latter accurately. It can only be estimated. The total sales in these provinces average 5·3 seers per 10,000 of population, which is decidedly below the standard of the League of Nations; though, if allowance is made for illicit consumption, it probably reaches that standard. Urban consumption no doubt exceeds rural consumption partly because town folk are better off than country folk and can afford more luxuries; and possibly also because town life conduces more to the various ills that opium is supposed to cure. But it is most improbable that the urban consumption is even twice the League's standard, let alone the three times that is assigned to Lucknow in Mr. Sundaram's letter or the five times that is assigned to Cawnpore.

The Governor acting with his Ministers does not consider therefore that any special measures to check consumption are necessary, though he thinks it probable that when the Opium Smoking Act recently passed by the local Legislative Council comes into force, less opium will be used in towns.

5. (c) Regarding the drugging of children, the Governor acting with his Ministers consulted the members of the Excise Conference on the matter, and a copy of paragraph 56 of their report is enclosed. Amongst Indian mothers of the lower classes the custom is undoubtedly common. The Government agree with the Excise Conference that legislation cannot stop the practice and that Child Welfare Societies should take up the matter. The only cure in their opinion is education.

EXTRACT OF PARAGRAPH 56 FROM THE REPORT OF THE UNITED PROVINCES EXCISE CONFERENCE, 1924–25.

56. *Measures to prevent grave abuses of opium.*—Two particularly serious aspects of the use of opium have been before the Conference. The first relates to the use of prepared opium for smoking, more particularly in chandu dens. The effects of prepared opium are, of course, notoriously worse than the effects of raw opium. A Bill for the suppression of opium smoking has been introduced very recently into the Legislative Council. It has our strong support.

The other aspect relates to the practice of administering small doses of opium to infants and young children. Undoubtedly the practice exists, and undoubtedly it is desirable to end it. We consider that legislation penalising the practice would not be a practical remedy at the present stage. Reliance must be placed on education, and some of us think that the practice is already dying out among the enlightened sections of the community. The subject is one which should receive special attention from those organising and conducting child welfare and maternity centres and projects. It would also be valuable to call together a conference, with a sufficient number of medical men and of representatives of the classes interested, to consider the question fully.

LETTER FROM THE CHIEF COMMISSIONER AND AGENT TO THE GOVERNOR-GENERAL, NORTH-WEST FRONTIER PROVINCE, No. 285-N. (REV.), DATED THE 2ND JUNE 1925.

I have the honour to refer to Mr. Sundaram's letter No. 5383, dated the 17th November 1924, in which an expression of my views on certain aspects of the existing opium policy is invited, and to reply as follows :—

2 In paragraph 3 of the Government of India letter under reference, attention is invited to the desirability of closer co-ordination of policy between local Governments and particularly between those of adjacent provinces. As regards this matter, the North-West Frontier Province Administration already closely follows the Punjab Government in all matters of Excise policy, and amongst other matters has adopted the same sale price of opium, while on the other hand every effort is made to prevent the smuggling of opium from Afghan territory.

3 The consumption of opium per head of the population in this Administration is not high and, although the practice of opium smoking exists, its extent is not such as to be a subject for concern. In any case the provisions of the Punjab Opium Smoking Act which has recently been extended to the North-West Frontier Province should check any tendency to increase in this direction.

4. Opinions received from the District Officers in this Province indicate that the practice of giving opium to young children exists to a very appreciable extent but that it is an ancient practice which nothing but the gradual education and uplifting of the poorer classes and especially the female population can ever hope to eradicate. I concur with the practically unanimous opinion that the remedy lies not in the enactment of stringent rules and regulations, but in moral persuasion—a matter which falls more within the purview of the Educational authorities and Child Welfare Societies than of any other agency.

LETTER FROM THE GOVERNMENT OF BENGAL, AGRICULTURE AND INDUSTRIES DEPARTMENT, No. 2981, DATED THE 22ND JULY 1925.

I am directed to refer to Mr. Sundaram's letter No. 5383, dated the 17th November 1924, and to communicate the following views of the Government of Bengal on the three aspects of the opium question discussed therein.

2. *Joint action by local Governments to minimize smuggling and enhancement of sale price of opium.*—The Government of Bengal accept the general principle of closer co-ordination of policy between local Governments and particularly between the Governments of adjacent provinces in regard to the fixation of the sale price of opium. This principle has hitherto been actually followed in Bengal in fixing the retail price of opium in the shops along the border of the province of Bihar and Orissa. In order to ensure co ordination of policy between the Governments of adjacent provinces, the Government of Bengal are of opinion that there should be a free exchange of opinion between the Excise Commissioners concerned regarding any proposed changes and, when they have arrived at a basis of agreement, they should move their respective Governments to issue the necessary orders.

As regards the observations of the Government of Assam that the measures it had taken with the object of reducing consumption by increasing the retail price of opium and decreasing the quantity issued, were hampered by the fact that prices in Assam are considerably higher than in some parts of India, and that consequently opium is being smuggled into Assam, I am to point out that in the districts of Bengal bordering on Assam the percentage of actual consumption is considerably lower than the standard of legitimate consumption laid down by the League of Nations. This consideration leads to the conclusion that there is little scope for smuggling of opium from these districts into Assam. Nor have any complaints been received from the Government of Assam as to smuggling from the border districts in Bengal. Owing to the facilities of transport, the practice of smuggling is not confined to local area, in the mofussil. Calcutta and its neighbouring districts, where consumption of opium is remarkably high and where it is possible to evade detection, afford ample facilities for smuggling. In the circumstances and in view of the already low consumption of opium in the districts of Bengal on the border of Assam, the Government of Bengal do not consider it necessary to raise the present level of retail sale price in those districts unless it be found desirable to make a wholesale enhancement of the sale price throughout the province on other and more general grounds.

3 *Measures to check consumption in areas where it is high to prevent abuse*.—I am to forward, for the information of the Government of India, a statement showing the percentage of actual consumption of opium in the districts of Bengal as compared with the standard laid down by the League of Nations. The attention of district officers has been drawn to the striking variations as illustrated by the figures, and they have been asked to examine all proposals for an alteration in the facilities for the supply of opium to the public in the light of these figures. It is needless to mention that it is not the intention to work up to the League of Nations' standard in the 19 districts in which the consumption is below that standard. On the other hand, in the 9 districts in which consumption is higher than the standard of legitimate consumption all fresh proposals in regard to the supply and sale of opium will be carefully scrutinized with a view to effecting reduction.

The Government of Bengal have been impressed with the abnormally high rate of consumption in Calcutta, the 24-Parganas, Howrah and Hooghly, and the best method of dealing with the problem is engaging their anxious consideration. They are of opinion that further restriction in the allotments to the retail shops in these districts will not be effective. Even at present stocks in some shops run short before the end of the month, and a further restriction will probably result in illicit sale by purchasers hoarding small quantities. The Government of Bengal are, therefore, inclined to the opinion that a check on consumption can only be effectively secured by a substantial increase in price which would drive the less urgent demand out of the market altogether. It is recognized that an increase in price is not altogether free from objection in that an undue increase might place the drug beyond the reach of those who really need it for medicinal purposes, but at the same time it is evident that a determined effort must now be made to reduce the excessive consumption of opium which prevails in Calcutta and in the neighbouring districts. The proposal involves a return to the system of varying prices which formerly prevailed in this province; but as no other measures are likely to produce an immediate and tangible effect and as the necessity for action is imperative, the Governor in Council has decided as an experiment to raise the treasury price of opium from Rs. 71 to Rs. 91 per seer in Calcutta, the 24-Parganas, Howrah and Hooghly, with a corresponding increase in the retail price from Rs. 130 to Rs. 150 per seer.

In the districts of Burdwan and Midnapur the consumption has also reached an abnormal level. But these districts are on the border of the Provinces of Bihar and Orissa and it is, therefore, not proposed to effect any change in the price of the drug in these districts, as a substantial increase would probably lead to illicit practices and smuggling across the border. These factors would nullify the value of any results which might otherwise be obtained, whereas

in the more compact area selected for the proposed experiment the effect on consumption both within the experimental areas and in the neighbouring districts can be watched and, if necessary, steps can be taken to control any objectionable developments.

4. *Measures to check the administration of opium to babies and children.*—An enquiry into the allegation made in the pamphlet called 'Opium in India' that opium was habitually administered to babies and children was instituted by the Commissioner of Excise and Salt, Bengal. From reports received it appears that the practice is practically unknown in Northern and Eastern Bengal, while it prevails to a limited extent among the up-country population in mill areas. Traces of the habit are also found among small groups of aboriginals in Midnapur and in the adjoining districts. It has not, however, been possible to make any statistical estimate of the actual extent of the evil.

As regards the question of adoption of measures specially designed to check the evil, it appears to the Government of Bengal inadvisable for the Excise Department to take any action in this direction. Any attempt on the part of the excise staff to trace out consumers and to enquire into their domestic affairs will be regarded as a punitive measure and will be strongly resented by the public. The Governor in Council is of opinion that the only hope of eradicating this evil lies in the spread of education and the gradual enlightenment of those who resort to the practice. I am to say that the feasibility of initiating propaganda work on the public health aspect of the evil is receiving the consideration of the Local Government.

LETTER FROM THE GOVERNMENT OF BENGAL, AGRICULTURE AND INDUSTRIES DEPARTMENT, No. 1252, DATED THE 26TH AUGUST 1925.

I am directed to refer to paragraph 3 of my letter No. 2681, dated the 22nd July 1925, and to forward, for the information of the Government of India, a copy of (1) Notification No. 3210, dated the 7th August 1925, (2) Notification No. 3250, dated the 7th August 1925, issued by the Local Government, raising as an experimental measure, the treasury price of excise opium from Rs 71 to Rs. 91 per seer in Calcutta, the 24-Parganas, Howrah and Hooghly with a corresponding increase in the retail price from Rs. 130 to Rs. 150 per seer.

NOTIFICATION BY THE GOVERNMENT OF BENGAL, No. 3248 Ex., DATED THE 7TH AUGUST 1925.

In supersession of the order contained in Notification No 636-E., dated the 8th February 1923, it is hereby notified for general information that in exercise of the powers conferred on him by section 5 of the Opium Act, 1878 (I of 1878), as amended by the Devolution Act, 1920 (XXXVIII of 1920), the Governor in Council has fixed the selling price of excise opium at the rate of Rs. 91 per seer in the districts of Calcutta, the 24-Parganas, Howrah and Hoogly and at the rate of Rs 71 per seer in the rest of the Presidency of Bengal, with effect from the 1st September 1925.

NOTIFICATION BY THE GOVERNMENT OF BENGAL, No. 3250-Ex., DATED THE 7TH AUGUST 1925.

In exercise of the power conferred by section 5 of the Opium Act, 1878 (I of 1878), as amended by the Devolution Act, 1920 (XXXVIII of 1920), the Governor in Council is pleased to direct that with effect from the 1st September 1925, the following amendment be made in the rules published under the Bengal Government Notification No 562-S.R., dated the 2nd March 1918, as subsequently amended, namely :—

For rule 19A of the said rules, *substitute* the following :—

"19A. Excise opium shall be sold by retail vendors thereof at the rate of Rs. 150 per seer in the districts of Calcutta, the 24 Parganas, Howrah and Hoogly and at the rate of Rs. 130 per seer in the rest of Bengal and at no other rates in the whole of the Presidency except for the following shops of the District of Midnapore, for which the rate shall be Rs. 140 per seer, viz. :—

(1) Aikora, (2) Panchrole, (3) Durgipore, (4) Mirgodaganj, (5) Ghatia, (6) Parihati, (7) Baitikpara, (8) Gopiballavpur, and (9) Baligeria."

LETTER FROM THE GOVERNMENT OF BOMBAY, REVENUE DEPARTMENT, No. 2665-C/24, DATED THE 12TH OCTOBER 1926

With reference to the letter from the Government of India, No. 5383, dated 17th November 1924, I am directed by the Government of Bombay (Transferred Departments) to state as follows.

2. With regard to the question of establishing closer co-ordination of policy between Local Governments in the matter of fixing the sale price of opium, the Government of Bombay would welcome such action in the direction of fixing the issue price of the drug not only in adjacent provinces but also in the adjoining Indian States, since the present disparity in the issue price in Sind and the adjoining States of Jodhpur and Jesalmer is a serious obstacle in the way of controlling the consumption of the drug in Sind by raising taxation to the fullest extent desirable. In regard to selling prices however they are of opinion that the suggested action will not be feasible, as such prices must be determined in accordance with the different methods of disposal of shops, e.g., fixed fees or auction, and different local conditions.

3. With regard to the question of taking special measures to reduce consumption and prevent abuse in areas where the present consumption is in excess of the standard laid down by the League of Nations, I am to state that the measure hitherto adopted, viz, increase of taxation, has resulted in a considerable degree of success, as will be seen from the unlicensed figures of consumption in the Presidency proper during the last six years. As regards Sind the annual consumption of licit opium in that Province works out at about 18 seers per 10,000 of the population or about three times the standard of consumption suggested by the League of Nations, not six times that standard as stated in the Government of India's letter; and has fallen to this figure from 24 seers per 10,000 in 1919-20. In this connection it may be mentioned that Sind includes a large tract adjoining Rajputana inhabited by people having the same strong opium habits as the people of the latter area. The Government of Bombay are however of opinion that the decline in consumption which has occurred in recent years in Sind and the rest of the Presidency is satisfactory and that no further action is required in this behalf for the present. The present restrictions on sale and possession are sufficiently severe and any addition to them would probably only lead to increased smuggling :—

Years.	*Sales of opium in seers*
1919-20	46,080
1920-21	42,648
1921-22	30,208
1922-23	28,202
1923-24	25,805
1924-25	24,311

4. In regard to the third point regarding the administration of opium to children I am to observe that this question has been carefully considered by the Government and they have taken the necessary action by licensing the sale of bolagoles and limiting the opium contents of the pills to 1-10th of a grain, *vide* letter from this Government No. 3998-C/24, dated the 30th May 1925. The Government of Bombay do not consider that any further action in this direction can be taken at present.

LETTER FROM THE GOVERNMENT OF MADRAS, REVENUE DEPARTMENT, No. 1910, DATED THE 22ND DECEMBER 1925.

I am directed to send the following reply to the several points raised in the letter from the Government of India, No. 5383, dated the 17th November 1924:

(1) *Closer co-ordination of policy between Local Governments, particularly the Governments of adjacent provinces in regard to the fixing of the sale price of opium.*—This Government agree that a uniform rate of issue price of opium in the several provinces of India will tend to minimise interprovincial smuggling. They have therefore no objection to taking joint action with the Governments of other provinces for regulating the sale price of opium. I am to state that, whenever any change in the issue price of opium is made in this Presidency, the practice is to take into account the prices prevailing in other provinces and also to intimate to the Governments of neighbouring provinces and administrations alterations made in the issue price.

(2) *Special measures to reduce consumption and to prevent abuse in areas where consumption of opium is higher than the limit fixed by the League of Nations.*—The Government of India point out that the consumption of opium per head of population in the Northern Circars, Madras Town and the Nilgiris in this Presidency is much higher than the standard fixed by the League of Nations. The result of a detailed investigation into the cause of this excessive consumption is as follows :—

In East Godavari district the consumption of opium during 1924-25 in the 3 plains taluks amounted to 9,119 seers or 0·62 seers per hundred of population, while in the five agency taluks the consumption was 737 seers or 0·37 seers per hundred of population. The climatic conditions—a long wet season followed by severe cold—affect all classes of people in both the plains and the agency of this district to use opium as a remedy against Malaria and other fevers and where residents are addicted to the habit from childhood, it may be said to be a domestic necessity.

In Ganjam opium is consumed mostly by Oriyas, in Vizagapatam (ordinary tracts) by the old and the infirm among all classes, especially the lower classes; and in the Agency tracts by all classes of people. In West Godavari, Kistna and Guntur it is consumed by the old and infirm among all classes and by labouring classes. Opium is generally used in these parts as a medicine and preventive for fever, cold, asthma, rheumatism, stomach disorders, beriberi, lung disease and dysentery; old and infirm people suffering from chronic diseases use it mostly as a sedative.

In Madras Town the chief consumers are from the floating population, such as the crews of vessels calling at Madras, and people who come from up-country, and among local residents, Marwaries, Mendicants (so-called Biragis) and a certain section of the labouring classes. In the Nilgiris opium is consumed mostly by the labouring hill tribes, Badagas, Kotas and Todas as an antidote against Malaria and as a narcotic. The local officers report that there is not much abuse of opium in these areas. Mal-practices are not prevalent to any appreciable extent. The Commissioner of Excise has however directed the local officers to pay special attention to prevent smuggling and is also considering the question of adopting measures for reducing consumption in these areas.

(3) *The Extent to which the practice of administering opium to infants and children is prevalent in the Madras Presidency and the adoption of measures to check it.*—It is exceedingly difficult to get direct information regarding the extent of the use of opium in private houses among children and infants.

The Government have reason to think that it is used in houses of certain communities especially Muhammadans for the purpose of quieting children and infants. The matter is not an easy one to deal with and the Government consider that health propaganda among the uneducated classes is the best method of attacking the question.

LETTER FROM THE GOVERNMENT OF BIHAR AND ORISSA (MINISTRY OF LOCAL SELF-GOVERNMENT), No. 2374 L.S.G., DATED THE 15TH MARCH 1926.

In continuation of my letter No. 483 L.S.G.R., dated the 15th May 1925, I am directed by Government in the Ministry of Local Self Government to report, for the information of the Government of India, that the local Government have sanctioned the proposal of the Commissioner of Excise and Salt, Bihar and Orissa, to reduce the limit of possession of opium from three tolas to one and a half tolas in all the districts of the province except Champaran, Muzaffarpur, Darbhanga, Bhagalpur and Purnea which border on Nepal.

Fort St. George, June 29, 1926.

No. 18a.—Under sub-section (1) of section 48 of the Land Acquisition Act I of 1894, the Governor in Council hereby withdraws from the acquisition of 5 cents of land out of the 23 cents in S. No. 505-3 Din Pushpathur village, Palni taluk, Madura district, notified for acquisition for the Dindigul-Pollachi railway on page 804 of Part I of the *Fort St. George Gazette*, dated 20th April 1926.

ACQUISITION OF LANDS.

Fort St. George, June 28, 1926

Under sub section (4) of section 17 of the Land Acquisition Act, 1894, as amended by Act XXXVIII of 1923, the Governor in Council directs that, in view of the urgency of the case, the provisions of section 5 (A) of the Act shall not apply to the acquisition of lands mentioned below. Under section 6 of the Act the Governor in Council hereby further declares that the said lands measuring 27·77 acres and 300 square links, be the same a little more or less, are needed for a public purpose, to wit, for the construction of Nidadavole-Narsapur Railway line; and, under sections 3 and 7 of the same Act, the Special Deputy Collector, Tanuku, is appointed to perform the functions of a Collector under the Act and directed to take order for the acquisition of the said lands. Under sub section (1) of section 17 of the Act, the Governor in Council further directs that the possession of the said lands may be taken on the expiry of fifteen days from the date of the publication of the notice mentioned in section 9 (1) of the Act. A plan of the land is kept in the office of the Special Deputy Collector and may be inspected at any time during office hours.

Under sub section (4) of section 17 of the Land Acquisition Act, 1894, as amended by Act XXXVIII of 1933, the Governor in Council directs that, in view of the urgency of the case, the provisions of section 5-A of the Act shall not apply to the acquisition of the lands mentioned below. Under section 6 of the Act, the Governor in Council hereby further declares that the said lands measuring 15·14 acres, be the same a little more or less, are needed for a public purpose, to wit, for the construction of the Nidadavole-Narsapur railway; and, under sections 3 and 7 of the same Act, the Special Deputy Collector, Nidadavole, is appointed to perform the functions of a Collector under the Act and directed to take orders for the acquisition of the said lands. Under sub section (1) of section 17 of the Act, the Governor in Council further directs that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Act. A plan of the lands is kept in the office of the Special Deputy Collector, Nidadavole, and may be inspected at any time during office hours.

No. 685.—Under sub-section (1) of section 48 of the Land Acquisition Act, 1894, as amended by Act XXXVIII of 1923, the Government hereby withdraw from the acquisition of the lands notified at pages 321 and 322, Part I-A of the *Fort St. George Gazette*, dated 28th July 1924, as required for the diversion of Local Fund Road No. 6, near Ayyankottai in Tanichiyam village of Nilakottai taluk, Tanjore district.

No. 686.—The following letter from the Accountant-General, Madras, No. Genl. P.A. 1—10—39 of 1925-26, dated 18th June 1926, is published :—

Third booking concessions for journeys by railway.

I have the honour to invite a reference to rule 81 of the Madras Travelling Allowance Rules as amplified by G.O. No. 85, Finance, dated 29th January 1926, on the above subject and to state that it has been ascertained from the Chief Auditor, Madras and Southern Mahratta and South Indian Railways, that whenever for a railway journey a Government servant is entitled to one class of accommodation for a portion of the journey and a different class for the remaining portion either in local or in foreign booking, a card ticket of the lower class for the portion of the journey by that class can be had as also an excess fare ticket to cover the remaining portion of the journey by a higher class. It makes no difference whether payment is made in cash or by credit note, provided particulars of classes of accommodation required are clearly endorsed in the latter case on the warrant. Bengal-Nagpur Railway Company however does not issue such tickets or accept a warrant.

2. I would therefore request that necessary instructions may be issued to your subordinate offices to avail themselves of the concessions allowed by both

Indian Railway and Madras and Southern Mahratta Railway so that the claim for through booking may not ordinarily arise and may be limited to cases where the tickets could not be purchased in the manner indicated in paragraph 1. The controlling officers are also requested to bear this information in mind when countersigning travelling allowance bills

ENDORSEMENT No 18154-1 B 5, L. & M., DATED 25TH JUNE 1926.

Communicated to all local boards and the Inspector of Municipal Councils and Local Boards.

No. 887.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of Government that seven temple committees formed under Act XX of 1863 are in existence in the North Arcot district and requests the Government to abolish these committees under clause (*c*) of section 16 (2) of the Madras Hindu Religious Endowments Act, 1923 (Act No. I of 1925) and to constitute two committees in their place for all the non excepted temples in the district. The grounds for the abolition of each committee are specified in the annexure.

2 Before issuing a notification as suggested by the Board, the Government under proviso (ii) to sub-section (1) of section 16 of the Act, call upon the committees referred to in paragraph 1 above, to show cause, if any, against their abolition within a month from the date of receipt of this order

ANNEXURE.

Name of the Committee—Reasons for abolition.

(1) VELLORE DEVASTHANAM COMMITTEE.

This committee has only 7 or 8 temples under its supervision, and is likely to get only about Rs 100 by way of annual contribution from them. It is certainly not possible to support an adequate staff with that account. It is reported that the affairs of some temples under it like those of Sri Marghabandhuswami at Virinjipuram and Narasimhaswami at Singirikoil are badly mismanaged. Two members of the committee were removed from membership for having absented themselves consecutively for several meetings. The strength of the committee has thus been reduced to 4 less than the minimum prescribed in section 17 of the Act. Lastly, it is necessary in the interests of sound administration to bring all the non-excepted temples in this taluk along with similar temples in the taluks of Gudiyattam, Tirupattur, Polur, Arni and Tiruvannamalai under the committee to be reconstituted at Vellore Further a mere variation of the jurisdiction of the present committee under section 16 (1) (*b*) of the Act and appointment of new members in order to increase the strength of the committee to the prescribed minimum will not give the requisite improvement in its personnel and representative character which can be better effected by the abolition of the existing committee in the area referred to and the constitution of a new one in its stead.

(2) GUDIYATTAM DEVASTHANAM COMMITTEE.

There are above 80 temples under the control of this committee of which as many as about 70 are temples with income below Rs. 250 per year. If the latter are left out of account only Rs. 500 per annum can be expected by way of contributions. The President of the committee with his office located at Vellore has been turning a deaf ear to complaints of mismanagement of the affairs of temples like Ponnachiamman Koil at Ponnampet and the famous Vilvanathaswami temple at Gudiyattam. The Committee has not been doing any appreciable work. Moreover, the strength of the committee is only 5, *i.e.*, one less than the minimum laid down in section 17 of the Act. Lastly it is desirable on financial and administrative grounds, to place all the non-excepted temples of this taluk under the committee to be reconstituted at Vellore.

(3) TIRUPATTUR DEVASTHANAM COMMITTEE.

Only about 15 temples are under the control of this committee of which only 3 have an annual income of Rs. 250 or above. The total annual contribution it may collect from them will be an insignificant sum of about Rs 12. The affairs of the temple like that of Sri Kalahasteswaraswami at Karaiti are understood to be mismanaged owing to want of effective supervision on the part of this committee. Again the committee is composed of only 5 members. In the circumstances it is considered desirable to bring all the non excepted temples in this taluk under the committee to be reconstituted at Vellore.

(4) POLUR DEVASTHANAM COMMITTEE.

This has only 5 temples under its supervision and they can only yield an annual contribution of about Rs 80. Some important temples under this Committee like the famous Ramgambal temple at Padavedu were grossly mismanaged. There is no doubt that this committee is not functioning as it ought to. Its actual present strength is reported to be only 3, though the strength prescribed appears to be 6. All the non-excepted temples of this taluk will be better managed if placed under the committee to be reconstituted at Vellore.

(5) WANDIWASH DEVASTHANAM COMMITTEE.

There are about 8 temples under the jurisdiction of this committee which cannot realise more than about Rs. 25 per year by way of contribution. The committee is said to be practically dormant, no supervision being exercised over the management even of temples in Wandiwash town itself. It is also considered desirable on financial and administrative grounds to place all the non-excepted temples in the taluks of Wandiwash, Cheyyar, Wallajapet and Arkonam under the committee to be constituted at Tiruvattiyur.

(6) OLD KAVERIPAUK DEVASTHANAM COMMITTEE.

This committee has about 20 temples under it, some in Arkonam taluk, others in the taluk of Walajapet and it may collect about Rs 50 per year by way of contribution. It is reported that this committee too is inactive not having met since the year 1920, and consequently the state of affairs of important temples like the Siva temple at Shoba ghur is not good. In the interests of efficient administration, it is proposed to constitute a committee at Tiruvattiyur with jurisdiction over all the non-excepted temples in both the above taluks.

(7) OLD ARCOT DEVASTHANAM COMMITTEE.

Only 3 temples in Cheyyar taluk are known to be under this committee; and they cannot contribute more than about Rs 35 per year for its upkeep The committee seems to have elected no President and its strength is reported to be only 4 In the interests of efficient administration, it is necessary to place all the non excepted temples in Cheyyar taluk under the proposed committee at Tiruvottiyur.

No. 688.—In exercise of the powers conferred by section 2 of the Madras Registration of Births and Deaths Act (Act III of 1899), Government hereby direct that the provisions of the said Act be extended to the village of Kayamoh in the Tiruchendur taluk of the Tinnevelly district with effect from 15th August 1926.

No. 689.—Owing to the celebrations of the National Health and Baby Week which in most districts were held in February 1926, increased attention was devoted to health propaganda during the quarter. Nineteen thousand seventy-three health lectures were delivered at 11,995 centres to audiences numbering approximately 16,15,725. Advantage was taken in 17 districts of large gatherings at fairs and festivals to disseminate health knowledge by means of propaganda in various forms. The Government are glad to learn that the districts of Salem, Trichinopoly and Guntur were conspicuous for the attention devoted to this work during the quarter.

It is regrettable that in 15 municipalities no attention seems to have been paid to this important branch of public health administration. The Government hope that the councils concerned will no longer neglect their duty to the tax-payer in this respect. No reports on health propaganda were received from 12 municipalities. The Government trust that all municipal councils will forward their reports regularly in future.

The Government are glad to observe that the Madras Health Council afforded considerable assistance to local bodies in connexion with the National Health and Baby Week Celebrations. They await with interest the consolidated report on the celebrations promised by the Director.

SILVER WEDDING FUND.

No. 191.—The following notification of the Government of India regarding the scheme of the Silver

Wedding Fund, and the procedure to be followed in seeking assistance from the Fund is republished :—

ARMY DEPARTMENT.

JUDICIAL.

Delhi, the 19th December 1924.

No. 1880.—In the matter of the Charitable Endowments Act VI of 1890, and in the matter of the Silver Wedding Fund.

Whereas the Fund known as the Silver Wedding Fund (hereinafter called the said Fund) subscribed as an offering to Her Majesty the Queen-Empress as a token of loyalty and affection on the occasion of the 25th Anniversary of Their Imperial Majesties' Wedding was at the request of Her Majesty vested in the Treasurer of Charitable Endowments for the Punjab (by Notification No. 3152 published in Part I of the *Gazette of India*, dated the 28th October 1919) for the purposes therein mentioned.

And whereas by Notification No. 965 published in Part I of the *Gazette of India*, dated the 2nd August 1924, the said Fund as it then existed was transferred to the Treasurer of Charitable Endowments for Bengal for the purposes aforesaid.

And whereas it being found that the said Fund is greater than is required for the purposes set out in the said Notification No. 3152, dated the 28th October 1919, Her Majesty the Queen-Empress graciously intimated her willingness that, subject to the sanction of the Court being obtained, the purposes for which the said Fund should be applied should be extended so as to include the purposes set out in the following recital.

And whereas in a suit in the High Court of Judicature at Fort William in Bengal, No. 2267 of 1924, intituled Advocate-General of Bengal and another v. Captain S. Webb-Johnson and others, it was declared that the objects of the trust in the matter of the Silver Wedding Fund should be "the education and assistance of children and dependants of Indian officers and soldiers (including non-combatants) who rendered military service under the Crown during the Great War or took part or may hereafter take part in subsequent warlike operations". And it was ordered and decreed that the defendants, the Administrators of the said Fund, give effect to the objects of the said trust in the manner hereinbefore declared and apply the said Fund towards assisting those who come under the said objects as extended by the said decree, and the Administrators of the Fund have accordingly applied to the Governor-General in Council to amend the said Notifications Nos. 3152 and 965.

And whereas the said Fund now comprises the securities and cash specified in Schedule A.

Now in pursuance and exercise of the powers conferred by and by virtue of sections 4 and 7 of the Charitable Endowments Act, 1890, and any other powers thereto enabling, in supersession of the said Notification No. 3152, dated the 28th October 1919, and Notification No. 965, dated 2nd August 1924, IT IS HEREBY ORDERED by the Governor-General in Council that the said Fund, which is now vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal under Notification No. 965, dated the 2nd August 1924, on the terms therein mentioned shall now be vested upon the following terms, that is to say, that the said Fund and the income thereof shall be devoted to and applied for the education and assistance of children and dependants of Indian officers and soldiers (including non-combatants) who rendered military service under the Crown during the Great War or who took part or may hereafter take part in subsequent warlike operations in accordance with the Scheme settled by the Governor-General in Council on the application of the Administrators under powers conferred by sections 5 and 7 of the said Charitable Endowments Act, a copy of which is set forth in Schedule "B" hereto.

SCHEDULE "B".

Scheme for the administration of the Silver Wedding Fund.

Whereas by a Vesting Order made by the Governor-General in Council under the powers conferred by sections 4 and 7 of the Charitable Endowments Act, 1890, and any other powers thereunto enabling by Notification No. 1630, published in the *Gazette of India* on the 19th day of December 1924, certain securities and cash specified in Schedule "A" thereto were vested in the Treasurer for Charitable Endowments for the territories subject to the Government of Bengal upon the terms as to the application of the same and the income thereof therein set forth, that is to say, that the said securities and cash and the income thereof shall be devoted and applied to the education and assistance of children and dependants of Indian officers and soldiers (including non-combatants) who rendered military service under the Crown during the Great War or who took part or may hereafter take part in subsequent warlike operations, in accordance with the Scheme therein referred to and settled by the Governor-General under the powers conferred by sections 5 and 7 of the said Act being this present scheme.

Now it is hereby declared that in pursuance and exercise of the powers conferred by the said sections 5 and 7 of the said Act and any other power him thereunto enabling, the Governor-General in Council has been pleased to settle the following scheme for the administration of the said Fund consisting of the said securities and investments in supersession of the existing scheme as set out in the said Notification No. 3152 :—

1. The said Fund shall be called the "Silver Wedding Fund".

2. The income of the said securities and of any securities in which in pursuance of the provisions of the said Act the said cash or the proceeds of sale of any of the said securities (which may in pursuance or accordance with such provisions be sold) shall be invested shall be collected and received by and all securities, cash and income hereinafter collectively referred to as "the Fund" shall be administered and applied in manner hereinafter mentioned by the following persons, viz :—

The Hon'ble Mr. Arthur Cecil McWatters, C.I.E., I.C.S.,
James Alexander Richey, Esq., C.I.E.,
Stanley Webb-Johnson, Esq.,
Lieutenant Habib-ur Rahmam Khan, O.B.E., Khan Sahib, Bahadur,
Subedar-Major Sumsher Gurung Bahadur, I.O.M.

or such of them as may for the time being continue to act as Administrators for the purpose of this scheme or such other persons as may from time to

time by virtue or in consequence of any appointment or appointments in pursuance of the power hereinafter contained or otherwise succeed them or any of them as the Administrators for the time being of the Fund for the purposes hereof and the said persons or such of them as may at any time continue to act or other such Administrators as aforesaid are hereinafter called the Administrators.

3. The Fund shall be applied and employed at the discretion of the Administrators in and for the benefit of those eligible under the said Vesting Order No 1580, dated the 19th December 1924, in all or any of the following ways: (a) the provision of scholarships of such amounts and to such persons as the Administrators may from time to time (whether on their own initiative or on applications received from Government Officers, Imperial or Local Committees or Indian Princes or Chiefs) decide having regard to the special ability of such persons and their suitability in other respects, to secure and hold such scholarships The scholarships shall be of such amounts respectively as the Administrators shall think sufficient having regard to the circumstances of each particular case to provide fully for the maintenance as well as the education of the recipients and may be granted for education in such institutions as the Administrators may think proper including if and so far as they think proper high schools, art colleges, technical schools and colleges, special military schools and colleges (including schools and colleges for the education of children of Indian officers and soldiers) and in the case of scholarships for technical institutions may, if the Administrators think fit, include such amount as they consider sufficient to cover the cost of initial equipment; (b) the payment of money to set up in life the scholars of the said Fund, after completion of their education, e.g., for the purchase of implements or of land for such scholars; (c) the assistance of widows of Indian officers who are not in receipt of pensions or widows whose pensions are inadequate.

4. The capital as well as the income of the Fund may at any time be applied and employed to such extent as the Administrators may in their uncontrolled discretion think fit for any of the purposes aforesaid

5. The Administrators shall never be less than four in number and if at any time any member of the body of Administrators for the time being shall die or resign or become incapable of acting as such the remaining Administrators may appoint any other person to act in his place and the Administrators may at any time co-opt any person to act with them as an additional Administrator and the number of the Administrators may at any time by this means be increased and it shall not be obligatory to make any appointment in place of any Administrator dying, resigning or becoming incapable of acting unless the number of the remaining Administrators shall be less than the minimum hereinbefore prescribed. If and as long as the number is at any time reduced below that minimum the continuing Administrators shall not not except for the purpose of appointing a fresh Administrator or Administrators.

6. The Administrators may at any time or times delegate any powers and discretions hereby conferred on them in connection with the application and distribution of the Fund and the income thereof to local Governments or such person or persons as they may think fit.

7. For the purpose of all acts, decisions or determinations of the Administrators three shall be a quorum and it shall not be necessary for them to meet for the purpose of discharging their duties but any resolution, decision or determination recorded in writing and signed by not less than three of them shall have the same force and effect as a resolution passed at a meeting at which a quorum was present.

Procedure to be followed in seeking assistance from the Silver Wedding Fund.

Applications for assistance under heads (a) and (b) of paragraph 3 of the scheme for the administration of the Fund should be made through the Director of Public Instruction of the Province in which the applicant resides, or through the Political Officer in the case of applicants residing in Indian States Applications for assistance under head (c) should be addressed to the Indian Soldiers' Board, Simla.

MADRAS STUDENTS' ADVISORY COMMITTEE.

President: The Vice-Chancellor of the University of Madras (ex officio).

Vice-President: The Director of Public Instruction (ex officio).

Secretary: Mr. A. Davies, Principal, Law College, Madras.

The main functions of the Committee are—

(1) To furnish information and advice to Indians who contemplate going to England.

(2) To circulate in India to colleges and other institutions the educational, financial and social information, collected by the Bureau in London.

(3) To communicate with the Central Bureau on behalf of students before they start, or on behalf of their parents when they are in England.

Students of the Madras Presidency and of Native States whose colleges are affiliated to the Madras University, who contemplate going to England, and the relatives and friends of those who are going or are already gone, are invited to correspond with Mr. A. Davies, Secretary to the Madras Committee, at the Law College, Madras, from whom all necessary information can be obtained.

Letters from Madras students to the Educational Adviser in London or to other Educational authorities in Great Britain are forwarded to the Madras Secretary for disposal and much delay will therefore be saved by *direct* correspondence with the latter.

There is a library attached to the Secretary's office at the Law College consisting of the prospectuses, syllabuses and calendars of the various educational institutions and universities in Great Britain and students and other enquirers will be allowed the use of the library on all week days except Saturdays and holidays between 12 noon and 5 p.m.

A. DAVIES,
Secretary.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

PUBLIC ROOM, OPEN 11 A.M. TO 4 P.M. ON WEEK DAYS; SATURDAYS, 11 A.M. TO 1 P.M.

All communications relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) must be made in English and addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed and a full address given in all communications.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, the Indian Patents and Designs (Amendment) Act, 1920, and the Indian Patents and Designs (Temporary Rules) Amendment Act, 1920, together with correct regulations and instructions. *These should be consulted before an application is made to the Controller of Patents and Designs, 1, Council House Street, Calcutta.*

3. *Advice.*—The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room, (3) to recommend any particular Agent, or (4) to assist in the disposal of inventions. Models are not required unless specially asked for. Drawings must be on tracing cloth and the Rules and Instructions for the preparation of drawings as given in the Handbook should be strictly followed. A provincial patent cannot be secured under the Indian Patents and Designs Act, 1911.

4. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British Possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made on the patent offices in the countries concerned.

5. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission for which due allowance should be made. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

6. *Trade and property marks and name* are not registered and *inventions* are not patented under the Indian Patents and Designs Act. There is no provision of law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

7. *Printed specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. REVENUE NOTIFICATIONS.

NOTIFICATIONS.

No. 4, dated 1st July 1926.

NOTICE OF SALE OF ABKARI PRIVILEGES.

Notice is hereby given that the privilege of sale of toddy in independent shops in the tree-tax areas of the Presidency, including the Banganapalle State and the toddy farms of 122 villages of the Parlakimedi Malahs of the Ganjam Agency will be put up to auction subject to the conditions hereinafter set forth. The period for which the privileges will be sold will be twelve months commencing 1st October 1926 and ending 30th September 1927. The number of shops and farms, the local limits appointed for these and the dates on which, the places at which and the officers by whom, the auction sales will be conducted will be notified by Collectors in their District Gazettes. A separate notification will be issued regarding operations under the tree-tax system.

Conditions of Auction Sale.

I. Any person desiring to bid must deposit Rs. 20 with the sellhog officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power-of-attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

NOTE.—In Madras City the deposit must be paid into the taluk treasury and the chalan for such payment produced before the selling officer. Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the chalan at the Taluk office.

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of license or of a contract under the Abkari Opium Act as to render him undesirable as a holder of a license; or (2) that he is insolvent or in arrears to Government, or (3) that his bid is purely speculative; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a brewer bidding for beer shops; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

III. The reserve price placed on each shop or farm will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops or farms will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop or farm he may at his discretion either accept the next highest bid or resell the shop or farm. In case of dispute the selling officer's decision will be final.

VI. (a) Every person whose bid is provisionally accepted shall

(i) at once, if so required by the selling officer or otherwise at the close of the day's sale, deposit in addition to the deposits made under clause I half a month's rent for each shop or farm knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for each shop or farm knocked down to him and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this notification) showing details of the immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such further sum as with the deposits already made under sub-clause (i) supra will make up two months rent of all shops knocked down to him

(b) Further if the Tahsildar is not satisfied that any such person can be trusted to pay his rent punctually and fully, he may require him, in addition to the deposits required under clause (a) (iii) supra, either

(i) to deposit two months' rent of all shops or farms knocked down to him, or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(iii) to produce a surety or sureties, to be accepted by the Tahsildar, who should execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(iv) if the Tahsildar is not satisfied that the value of his immovable property tendered as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Tahsildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government. The sureties referred to in sub-clauses (iii) and (iv) should submit to the Tahsildar a statement in the prescribed form annexed to this notification showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (i) to (iv) above, within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall also be bound to execute a counterpart agreement.

VII. Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII. At the close of the day's sale the selling officer will notify the date on which re-sales, if any are found necessary, will be held; when the list of shops or farms to be re-sold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX. The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a license under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop or farm may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop or farm is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him. In the event of the purchaser's death after issue of the license, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the license as well as for the proper observance of all the conditions of the license.

XII (a) The deposits under condition VI (a) (iii) and (b) (i) may be made either in cash or in recognized Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (a) (i) which have not been refunded as well as deposits due under condition VI (a), (ii) and (b) (i) the deposits made in cash may be returned to the depositors. Renters who have made the deposits under condition VI (a) (ii) and (b) (i) in the form of deposit certificates obtained from any of the Central Banks mentioned above or in cash may make a formal requisition to the Treasury Officer to transfer the cash deposits made by them under conditions I and VI (a) (i) or under conditions I, VI (a) (i) and VI (a) (iii) and (b) (i) to the fixed deposits in the Central Bank in the name of the Tahsildar. The Treasury Officer will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorized to receive it, or will remit it by postal money-order or insurance cover to the Bank. When the amount has to be sent by postal money-order or insurance cover the renter will be required to deposit in the Treasury, with his requisition to transfer the deposit, an amount which shall, in the opinion of the Treasury Officer, be sufficient to cover the cost of forwarding the amount of the deposit to the Bank; any balance not utilized for this purpose will be credited towards any rent due from the depositor. The securities or savings bank pass books deposited must be endorsed in the name of the Collector and Government promissory-notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. In the case of Co-operative Bank deposit certificates the deposits must be made in the name of the Tahsildar of the taluk, the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Tahsildar's demand. (b) The deposits under condition VI (a) (iii) and (b) (i) may be made also in the form of fixed deposit receipts granted by the Imperial Bank of India, in the name of the Collector of the district, provided the contractor agrees in writing that he undertakes the risks, if any, involved in the investment and the bank certifies on the deposit receipt granted that the deposit is withdrawable on the Collector's demand.

XIII. Deposits in cash will be adjusted towards the instalments of kists due in the last months of the period of the lease. Deposits of securities or savings bank pass-books or Co-operative Bank deposit certificates will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the licence or of the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance if any, due to Government must be paid in cash. In cases of default under condition X of the conditions of auction sale or under condition 37 of the general conditions applicable to all abkari and opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorized under conditions 10, 11 or 40 infra.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector, provided the site selected is approved of by the Revenue and Police authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3 Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. Licensees must keep their shop premises in a sanitary condition to the satisfaction of inspecting officers. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Excise Department; the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family or caretakers. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night.

4. Except when two or more foreign liquor licences are held by one person or in the case of licences held by chemists and druggists and medical practitioners, sales under different licences must be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special licence to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway, and that the entrance to it whether through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding licence is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9-30 a.m. Toddy shops in Salem Town shall not be opened before 9 a.m. No other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 8 p.m. except under special authority. Collectors may at their discretion order the closure of any depot or cannot and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Commissioner may for sufficient reasons order the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 8 p.m.

(b) With the previous sanction of the Commissioner, Collectors are authorized (i) to notify at the time of the auction that specified shops will be closed on the occasion of specified festivals, and that the hours of sale at specified shops which are in the neighbourhood of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease, if it is found that the shops promote drunkenness; (ii) to order the closure of specified shops in the neighbourhood of factories, mills and other places, where large numbers of operatives assemble, from 11-30 a.m. to 1-30 p.m. on week days, on the afternoons of pay days and at all hours on Sundays except between 11-30 a.m and 4 p.m. A special condition embodying these restrictions or liabilities will be inserted by the Collector in the licences granted to the renters of all such shops.

(c) The closing hour of hotels in the Nilgiris is 10 p.m.

(d) The closing hour for refreshment rooms, hotels and hotel bars in Madras Town is 10 p.m. The Collector of Madras and the Commissioner of Police, however, may jointly permit the extension of the time to 11 p.m.

(e) 9 p.m. is fixed as the general closing hour in the case of Railway refreshment rooms. Collectors are authorized to note in the licenses the particular hours after 9 p.m. during which such licensed premises may be kept open for the sale of liquor to bona fide travellers only with reference to arrival and departure of trains. Collectors may alter these hours during the currency of the licence with reference to any alteration in the Railway Time Tables.

11. Depots and shops must be closed, if the Collector so orders, while a regiment or detachment of soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also temporarily to close any shops in times of religious excitement or disturbance. Every depot and shopkeeper shall close his depot or shop when a riot or disturbance occurs or appears likely to occur in the neighbourhood.

12. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to liquor, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose. This prohibition, however, does not apply to the compounding or blending of liquor or to the manufacture of intoxicating drugs from hemp drugs and opium in accordance with the terms of a licence. Liquor shall not be bottled except under a bottling licence. Nor shall different kinds of liquors be mixed and sold under the designation of one of them.

13. No woman shall be employed in any shkari or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Collector unless she be a member of the renter's family.

14. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment in any capacity of such persons in shops or depots licensed for the sale of the same are prohibited. No persons who have been convicted under the Indian Penal Code shall be employed in the transport or sale of liquor, opium or intoxicating drugs without the Collector's previous permission. The Divisional Officer may where necessary, call for the names of all persons employed or proposed to be employed in any capacity in connection with the management or the working of a depot or shop and the tapping and drawing of toddy for the supply of toddy shops in the topes in which the trees are marked and if he disapproves of any such person, may forbid the licensee from keeping him in employment.

NOTE.—This rule applies to the sale of sundries by persons in liquor shops.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the licence—

(1) to sailors of the Royal Navy, soldiers and members of their families; or

(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, i.e., any class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(2) to Policemen, Excise officers and Railway servants when on duty, or

(c) in any circumstances to any—

(1) European vagrant under escort of the Police

(2) child or young person under eighteen years of age or adult female;

(3) insane person;

(4) person known or believed to be intoxicated; or

(3) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime ; and

(*d*) No child, young person under eighteen years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises subject to the exception in condition 13.

NOTE.—(1) The restrictions in (*a*) and (*b*) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

(2) The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females do not apply to foreign liquor licenses issued on fixed fees.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

18. No liquor, opium or intoxicating drug in excess of the quantities prescribed for possession without a licence as specified below shall be issued to any person at any one time from any licensed premises without a valid permit, nor shall liquor be sold at wholesale depots in quantities less than the maxima prescribed :—

Arrack.	Toddy.	Ganja.	Opium.	Cocoanut toddy arrack.
Six drams except in special localities separately notified, where it is generally one dram. In the Nilgiri district, in the Shevaroi and Tirutturaipundi taluks of the Tanjore district, in the Tiruvadanai taluk of the Ramnad district, in the Tenkasi taluk of the Tinnevelly district and in the Attur taluk of the Salem district, four drams.	One gallon except in special localities separately notified, where it is one dram. In the Kurnool municipality and in the Salem municipality 24 drams.	In the Agency tracts eight tolas of ganja and twenty tolas of bhang, and elsewhere four tolas of ganja, ten tolas of bhang and preparations or admixtures containing the above quantities.	In the Agency tracts any quantity up to three tolas, and elsewhere one tola of opium or preparations therefrom other than morphia or preparations for smoking.	Two Imperial gallons.

Permits shall be in printed books, which can be obtained at all offices of the Inspectors of the Excise Department on production of receipts for payment of the cost price into a Government treasury. The signing of blank permits for subsequent issue is prohibited.

19. Only such weights and measures as may from time to time be prescribed by the Commissioner of Excise shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. Short measurement or short weighment is strictly forbidden.

20. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

21. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

22. No person shall be harboured in any depot or shop during the night.

23. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. Unless special permission is given to the contrary, separate accounts shall be kept for the transactions under each licence. The accounts shall be in printed books which may be obtained from local Revenue officers on payment of cost price. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed in support of the accounts. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the licence and shall be produced when called for by an officer not below the rank of an Assistant Inspector of the Excise Department.

24. Except in the case of fixed fee licences, the amount for which the privilege of sale has been purchased shall be payable in advance in twelve equal monthly instalments ('kists') into a Government treasury on or before the 1st of each month beginning with April or October as the case may be. In the case of toddy shops, kists and tree tax should be paid into a Government treasury of the taluk where the shop is situated. In Madras town kists should be paid in advance on or before the 10th of each month. Fines will be levied on any amounts not so paid ; interest will also be levied on any amounts not paid before the end of the month for which they are due. After the 25th of the month in Madras town or the 20th of the month elsewhere shops are liable to be sold for failure to pay kists. Toddy shops may also be resold for failure to pay tree-tax. Fees for depot licenses must be prepaid.

25. No remission or abatement of the rent shall be claimable on any account whatever.

26. Power is reserved to Revenue officers to suspend licences in case of failure of payment of kists or of tree-tax on the due date. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars or Deputy Tahsildars in independent charge, in the case of opium shops by Divisional Officers and in other cases by Collectors. In the event of suspension of a licence for failure to pay arrears, the privilege of sale will be resold with effect from the date of issue of the licence to the new purchaser, or otherwise disposed of at the Collector's discretion. Disposal of the privilege of sale otherwise than by resale includes also closure of the shop or tavern. All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee and shall become due immediately on resale or other disposal of the shop ; but the defaulting licensee shall have no right to any gain which may accrue. The whole of the deposit, if any, made by the licensee shall be liable to forfeiture. The officer who has power to suspend the licence may at his discretion allow sales to continue pending resale or other disposal of the privilege.

* For liquor shops—vide Board's Notification No. 4, dated 24th January 1921, as amended by Notification No. 13, dated 16th July 1921.

† For opium shops in the Agency tracts of Ganjam, Vizagapatam and East Godavari districts a uniform rate of one rupee one anna a tola has been fixed.

27. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's or in the case of a supplier under the contract distillery supply system, the Commissioner's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

28. (a) No abkari or opium licensee in an Indian State or Foreign territory will be allowed to have any interest in a license for the same article in British territory without the special permission of the Collector.

(b) No abkari or opium licensee in any area in British territory may have any interest in or hold a license for the same article in any other area in British territory in which a different rate of duty is in force, without the special permission of the Collector for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 37 in respect of all or any of the licenses held.

29. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licences.

30. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, transport or sale of liquor, opium or intoxicating drugs, committing breaches of the Abkari / Opium Laws and to comply with the Divisional Officer's orders respecting the continued employment of such persons.

31. Pecuniary dealings by licensees of any kind whatever with officials of the Land Revenue and the Excise Departments are absolutely prohibited.

32. With the exception of the Commissioner, any licence shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

33. All licensees shall be bound by any additional general rules that may be prescribed under the Abkari / Opium Laws and shall, if so required by the Collector or any officer authorized by him, deliver up their licences for amendment or for the issue of fresh ones.

34 The officers authorized to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Excise Department of rank not lower than Sub-Inspector.

Those officers are empowered to enter and examine the premises, to test the weights, measures liquor, opium and intoxicating drugs in the possession of the licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

35. All officers authorized to inspect depots and shops are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or use or which they may believe to have been tampered with in any of the ways referred to in condition 12 and all Collectors and Assistant Commissioners of the Excise Department are empowered to confiscate, or destroy such liquor, opium or intoxicating drugs.

36. An inspection note-book, in the prescribed form G (10), shall be maintained for the use of inspecting officers and shall be handed over to the Inspector of the circle or to any officer authorized by him to receive it on a receipt being given therefor.

37. (1) If a licensee or any person in his employment is convicted by a competent court of any offence against the Abkari / Opium Act or of any offence under the Indian Penal Code which in the Collector's opinion renders it desirable to cancel the licence or if it is brought to the notice of the Collector that the licensee has been convicted by a competent court of any such offence prior to the grant to him of the licence, the Collector may direct that the license shall be cancelled and the privilege be resold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) Infraction of any of the conditions of the licence by a licensee or by any person in his employment will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to fine not exceeding Rs. 50 or to cancellation of licence and resale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Collector to forfeiture of deposits. The rent for the whole lease shall become due at once when a lease is cancelled under this or the preceding rule.

(3) When a licensee holds more than one licence granted under the Abkari or Opium Act and when any one of these licences is cancelled under clause (1) or (2) above or under the special conditions applicable to ganja or opium shop licences, the Collector, at his discretion, may direct that any or all of the other licences under the Abkari and Opium Act held by the licensee shall be cancelled and the several privileges be re sold or otherwise disposed of at the risk of the licensee and, if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a licence is cancelled under this rule.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

38. Any sum due by a licensee may be adjusted from the deposit, if any, made by him or collected under the Revenue Recovery Act as an arrear of land revenue. The licensee shall be bound to replace any sum adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar or Deputy Tahsildar in independent charge.

39. Interest on all moneys due shall be payable at the rate of 6 per cent per annum.

40. Collectors may at the commencement of the lease order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Commissioner in his discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Commissioner. A Tahsildar may at any time permit or order the transfer of a shop within the limits notified for the shop in the sale notice.

41. The right is reserved to the Collector to grant 'occasional licences' for the sale of liquor, opium and intoxicating drugs on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or to rented areas to the representative of the renter. The licences shall run only for such period not exceeding ten days as they are actually required. Not more than one licence shall be issued for a fair or festival without the sanction of the Commissioner. The fees to be paid for the licences shall be fixed at the discretion of the Collector.

Conditions applicable to Toddy Licences.

1. The privilege conferred extends only to the sale of toddy.

2. Toddy required for sale should be drawn under separate tree-tapping licences to be obtained under the tree-tax rules from toddy trees in the tract in

which the shop is situated or in any other tract in which the rates of tree tax are not lower, subject to the discretion of the officer granting transport permits.

3. No toddy except the produce of trees, for the tapping of which a licence has been issued, shall be kept in the shop, offered for sale or sold.

4. The Collector will fix the maximum number of trees to be entered in original applications for tree-tapping licences.

5. The licence confers no right to the free use of any trees.

6. Arrangements for tapping private trees must be made with the owners thereof and tree-tax at the prescribed rates paid thereon.

7. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licences granted on his application in his own name or in the names of his nominees under the conditions set forth therein and to the rules relating thereto.

8. Toddy may be imported from His Exalted Highness the Nizam's Dominions for sale in toddy shops in the Bellary district on payment of a transport duty of three annas for every five years or part of five years.

9. Toddy shopkeepers in British districts adjoining Mysore, Banganapalle and Pudukkottai will be allowed to tap trees in those States on payment of tree-tax into British treasuries in the case of Mysore and Banganapalle and into the State treasury in the case of Pudukkottai.

10. The addition of water to and the distillation of spirits from toddy are absolutely prohibited.

11. No sweet toddy, even if it be the produce of marked trees on which tree-tax has been paid, shall be kept or sold in the shop, nor shall any sweet toddy be mixed or allowed to be mixed with fermented toddy drawn from trees marked for the shop either in the shop or outside it.

12. Toddy drawn for one shop should not be mixed with that drawn for another and transported in one receptacle.

13. In addition to the restrictions imposed by general conditions (2) and (14), the following restrictions will be imposed in respect of the area of shops and number of compartments and sellers in the districts named :—

District.	Maximum area.		Maximum number of compartments and sellers.	
	Town shops.	Rural shops.	Town shops.	Rural shops.
	YARDS.	YARDS.		
Vizagapatam	20 × 15	10 × 10	3	3
East Godavari	30 × 15	10 × 10	20	4
West Godavari and Kistna	30 × 15	10 × 10	15	3
Guntur	20 × 15	10 × 10	6	3

This rule may be relaxed by special order of the Collector as regards any shop or any area in which he may consider it necessary to relax it.

No. 8.—In virtue of the powers delegated under clause XI of Government Notification No. 485, dated 13th July 1896, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 29th September 1896, Part I, as amended by Government Notification No. 101, dated 15th March 1924, and in supersession of Board's Notification No. 10, dated 8th July 1925, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1926 :—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynad taluk, Anjengo, Tangasseri and the Attappadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(*a*) of licensed toddy shop-keepers in areas in which the toddy shops are sold by auction or licensed separately ;

(*b*) of persons having the exclusive privilege of manufacture and supply of cocoanut toddy arrack ;

(*c*) of tappers on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken ;

(*d*) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godaveri district, in the Narsapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the West Godaveri district, in the Repalle and Bapatla taluks of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale ;

(*e*) of sweet-toddy tappers in Sankarridrug Circle for not more than two trees for the drawing of toddy required for domestic consumption, but not for sale ;

(*f*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory ;

(*g*) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State ; and

(*h*) of any member of a hill tribe whether a tree-owner or not, residing in any of the villages of the Vizagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (*b*), (*d*) and (*f*), the licences may be issued in the name of the applicant himself or of his nominee, and in cases (*a*), (*c*), (*e*), (*g*) and (*h*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licences must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (*a*) and (*c*) the tree-tax must be paid into a Government treasury or to an authorized village officer in the taluk in which the shop is situated. Pudukkottai renters, when applying for trees in British territory, must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped ; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer ; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T.T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping licence in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly, those in the Banganapalle State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licenses. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the Narsapur, Bhimavaram, Tanuku, Ellore and Kovvagudem taluks of the West Godavari district, in the Bapatla and Repalle taluks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadhal (*Areca Wightii*) trees in South Kanara, tree-tapping licences shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for coconut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been illicitly tapped, on which the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which licence is applied for :—

District.	Coconut palms (for each half-year as defined in rule 11 above)	Sago palms (for each half-year as defined in rule 11 above)	Palmyra or date palms (for the whole year as defined in rule 11 above)	Dadhal (*Areca Wightii*) palms for the whole year as defined in rule 11 above).

The tree-tax payable by toddy shopkeepers in the Tinnevelly and Ramnad districts, who mark in August and September palmyras which throw out hot-weather spathes, will be at the rate of Rs. 1-14-0 per tree.

13. The fees payable on account of any licence issued under these rules shall be payable in the following instalments unless the Commissioner of Excise shall otherwise direct :—

Period within which the license is applied for.	Instalments in which tree-tax is to be paid.
In the case of half-yearly fees.	
Between 1st October and 31st December in any year	One-half at the time of application and the other half on the 1st February following.
Between 1st January and 31st March in any year ..	The whole at the time of application.
Between 1st April and 30th June in any year ..	One-half at the time of application and the other half on the 1st July following.
Between 1st July and 30th September in any year..	The whole at the time of application.
In the case of annual fees.	
Between 1st October and 31st December in any year.	One-half at the time of application and the other half on the 1st February following.
Between 1st January and 30th April in any year ..	One-half at the time of application and the other half on the 1st of the second month following.
Between 1st May and 30th September in any year ..	The whole at the time of application.

NOTE.—The tree-tax payable by the hill tribes in the villages mentioned in Schedule II shall be paid in one instalment at the time of application.

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March; but no trees will be marked, nor licences issued, nor preparation of spathes permitted before 16th September or 15th March; nor shall pots be attached to trees before the evening of the 30th September or 31st March, as the case may be. In the case of 'Kodaipalai' palmyra trees tapped at concession rates in the Tinnevelly and Ramnad districts, marking will be allowed from the 25th July. In the case of date trees the process of preparation will be allowed from the 15th September, but the incision required for the insertion of the drip leaves will not be allowed before the evening of the 30th September. In no case shall toddy be drawn except during the currency of the licence.

16. All toddy drawn under the tree-tapping licences granted in accordance with these rules shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct to a distillery or a licensed toddy shop under a general transport permit which will be granted gratis by the Inspector.

In the South Kanara district when a licensee desires to change the shop to which his toddy is to be taken, the permit will be amended on application and on prepayment of two annas in addition to the court-fee stamp of the value of one anna to be affixed to the application. No toddy drawn under these rules shall be sold otherwise than to a licensed distiller or shopkeeper except at a regularly licensed shop. Tree-foot sales or sales in the open are absolutely prohibited.

17. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a licence under these rules in the garden or field in which stand the trees which he is licensed to tap, except the toddy contained in the pots attached to the spathes of the trees, provided that the Commissioner of Excise may, on sufficient cause being shown, relax the restriction in any local area.*

*In the Madras Town Circle palmyra and date toddy may be drawn as early as 4 a.m.

Act No. IV of 1926.—Madras Village Officers Restoration 101

Act of the Local Legislature of Madras.

In pursuance of the provisions of sub-section (3) of section 81 of the Government of India Act, the following Act of the Local Legislature of Madras having been assented to by the Governor on the 14th day of May 1926 and by the Governor-General on the 14th June 1926 is hereby published for general information :—

ACT No. IV OF 1926.

The Madras Village Officers Restoration Act, 1926

An Act to enable the reappointment to revived offices of the former holders.

Preamble.

WHEREAS since the commencement of June 1920, with a view to reduce public expenditure villages have been grouped or amalgamated, or the number of village offices has been reduced under the provisions of the Madras Proprietary Estates' Village Service Act, 1894, or the Madras Hereditary Village Offices Act, 1895:

Madras Act, II of 1894.

Madras Act, III of 1895.

AND WHEREAS it is now deemed desirable and expedient, where the villages are redivided or regrouped and the abolished offices are revived or where the number of village offices which has been reduced is restored, to provide by law for the restoration of the officers who held office before the grouping or amalgamation or reduction as aforesaid;

And whereas the previous sanction of the Governor-General has been obtained to the passing of this Act; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Madras Village Officers Restoration Act, 1926.

Extent.

It shall extend to those parts of the Presidency of Madras to which the Madras Proprietary Estates' Village Service Act, 1894 (hereinafter referred to as the First Act), or the Madras Hereditary Village Offices Act, 1895 (hereinafter referred to as the Second Act) applies. Madras Act, II of 1894. Madras Act, III of 1895.

Village offices to which the Act applies.

2. This Act shall apply to the village offices referred to in section 2 of the First Act or forming classes (1) and (3) in section 3 of the Second Act.

Reappointment in certain cases of village officers who held office at the date of grouping or amalgamation of villages or reduction in number of offices.

3. Where new villages formed by the grouping or amalgamation of villages are redivided or regrouped into the old component villages and new offices are created, or where the number of village offices which has been reduced is restored,

if such formation or reduction was after the 1st day of June 1920 and

such redivision or regrouping or restoration is made on or before the 31st day of December 1926 or such later date as may be fixed by the Local Government:—

The Collector shall, notwithstanding anything contained in the First Act or the Second Act,

(*a*) re-appoint the village officers who held such office at the date of such grouping or amalgamation or of such reduction unless they have become disqualified on the grounds defined by clause (*c*) or (*e*) of sub-section (1) of section 10 of the First Act or the Second Act or clause (*c*) of sub-section (1) of section 11 of the Second Act; or

Re-registry of minors and disqualified persons and appointment of deputies.

(*b*) re-register any person who stood registered at such date as the heir of the last holder of the office if he continues a minor or if having attained majority is subject to the disqualificatino specified in clause (*d*) but is not disqualified under clause (*c*) or (*e*) of sub-section (1) of section 10 of the First Act or the Second Act as the case may be and has not attained the age of 25 years and appoint some other person qualified to discharge the duties of the office until the person registered becomes qualified to discharge the duties of the office and is appointed thereto or until he attains the age of 25 years without becoming qualified in which case the vacancy

shall be filled up in accordance with the provisions of sub-sections (2) and (3) of section 10 of the First Act or the Second Act or sub-sections (2) and (3) of section 11 of the Second Act as the case may be; or

Appointment of registered minor who has attained majority.

(c) appoint the person who stood registered at the date aforesaid as the heir of the previous holder if he has attained majority and is eligible for appointment under the provisions of the Act applicable.

Method of filling up vacancy when no person is available for appointment.

4. Where by reason of death or disqualification under section 3, no person is available for appointment under section 3, or where by failure of the person entitled to join office within six months of a notice sent by registered post to his last known address, the office remains vacant, the vacancy shall be filled up in accordance with the provisions of the First or the Second Act as though the vacancy had occurred by the death on the date of the passing of this Act of the person who held the office on the date of the amalgamation or grouping or reduction, or, if there was no person who held the office on that date, as upon the date of the death of the person who last held it before that date.

Certain persons deemed not to have held office.

5. A person appointed under section 12 or 13 of the First Act or under sub-section (4) or (5) of section 10 or sub-section (4) of section 11 of the Second Act to perform or discharge the duties of the office shall not be deemed to have held the office.

Appeal against orders declaring a person to be disqualified for appointment.

6. Any person who would otherwise be entitled to appointment or re-appointment under section 3 but is declared by the Collector to be disqualified thereby may within two months appeal to the District Collector whose decision shall be final.

Provided that if the District Collector is the officer who passed the order of disqualification under section 3 an appeal shall lie within three months to the Board of Revenue whose decision shall be final.

Jurisdiction of civil courts barred.

7. No civil court shall take cognizance of a suit instituted to set aside or modify any order passed under this Act.

Saving.

Nothing in this section shall affect the right of suit which a person may have under the provisions of the Second Act in cases falling under section 4.

(By order of His Excellency the Governor)
